Executive Summary

1. Background: The Department of Health and Human Services (DHHS) continuously monitors emerging infectious disease risk and prepares to respond to the threat of novel emerging infectious disease outbreaks in the United States. DHHS is responding to an outbreak of respiratory disease caused by a novel coronavirus that was first detected in China, and which has now spread worldwide, including in the United States. The virus has been named SARS-CoV-2 and the disease it causes has been named Coronavirus Disease 2019 (abbreviated COVID-19).

On January 30, 2020, the International Health Regulations Emergency Committee of the World Health Organization (WHO) declared the outbreak a Public Health Emergency of International Concern (PHEIC). On January 31, Health and Human Services Secretary Alex M. Azar II declared a Public Health Emergency (PHE) for the United States to aid the nations healthcare community in responding to COVID-19. On March 11, WHO publicly characterized COVID-19 as a pandemic. On March 13, the President of the United States declared the COVID-19 outbreak a national emergency.

In July 2020, the Department of Defense (DoD) awarded an Other Transaction Agreement under the authority 10 USC 2371b to Regeneron to manufacture and sell drug product to the Government, and to distribute such drug product for the Government in the U.S. These manufacturing production activities included manufacturing at-scale, filling and finishing, and storage and shipping of REGN10987 and REGN10933 as a therapeutic cocktail (casirivimab and imdevimab) to treat COVID-19 infected patients. On November 21, 2020, Regeneron announced that the antibody cocktail casirivimab and imdevimab administered together, received Emergency Use Authorization (EUA) from the U.S. Food and Drug Administration (FDA).

2. Contract Description: The U.S Army Contracting Command - New Jersey (CCNJ), on behalf of the Joint Program Executive Office for Chemical, Biological, Radiological and Nuclear Defense (JPEO-CBRND) and the Biomedical Advanced Research and Development Authority (BARDA), will execute a contract for the procurement of up to 1,250,000 doses of the EUA authorized (or Biologics License Application (BLA) approved) casirivimab and imdevimab therapeutic, enough to treat much of the targeted US population currently or projected to be infected over the coming months. This contract award is a sole-source Firm Fixed Price (FFP) contract pursuant to FAR 6.302-2, "Unusual and Compelling Urgency," to Regeneron Pharmaceuticals, Inc., Tarrytown, New York. This action has a total FFP value of \$2,625,000,000.00. The price per dose is inclusive of storage, distribution, insurance and administration costs, costs associated with obtaining and maintaining regulatory authorization for the product (packaging, labeling, and informational materials), and Regeneron's manufacturing facilities. The period of performance for this contract is twelve (12) months, to include distribution of the product.

3. The Representations and Certifications made by Regeneron in the System for Award Management (SAM) are hereby incorporated into this contract by reference.

4. The Regeneron Draft Small Business Subcontracting Plan, dated 30 November 2020, is hereby incorporated into this contract by attachment. It is noted that this draft plan will be replaced by the plan that is ultimately approved by the United States Department of Veterans Affairs.

DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

STATEMENT OF WORK

Production of Regeneron Therapeutic in Support of National Emergency Response to Coronavirus 2019 (COVID-19)

C.1 Scope: The Department of Defense (DoD) and Department of Health and Human Services (DHHS), in support of Operation Warp Speed (OWS) and national emergency response to the Coronavirus Disease 2019 (COVID-19), requires the production of Regeneron therapeutic cocktail REGN10987 and REGN10933 (casirivimab and imdevimab) on a commercial item basis, up to 1,250,000 doses to treat members of the DoD and the general population infected with the SARS CoV-2 Virus.

C.1.1 Background: The DHHS continuously monitors emerging infectious disease risk and prepares to respond to the threat of novel emerging infectious disease outbreaks in the United States. DHHS is responding to an outbreak of respiratory disease caused by a novel coronavirus that was first detected in China, and which has now spread worldwide, including in the United States. The virus has been named SARS-CoV-2 and the disease it causes has been named Coronavirus Disease 2019 (abbreviated COVID-19).

On January 30, 2020, the International Health Regulations Emergency Committee of the World Health Organization (WHO) declared the outbreak a Public Health Emergency of International Concern (PHEIC). On January 31, Health and Human Services Secretary Alex M. Azar II declared a Public Health Emergency (PHE) for the United States to aid the nations healthcare community in responding to COVID-19. On March 11, WHO publicly characterized COVID-19 as a pandemic. On March 13, the President of the United States declared the COVID-19 outbreak a national emergency.

In July 2020, the DoD awarded an Other Transaction Agreement under the authority of 10 USC 2371b to Regeneron to manufacture and sell drug product to the Government, and to distribute such drug product for the Government in the U.S. These manufacturing production activities included manufacturing at-scale, filling and finishing, and storage and shipping of REGN10987 and REGN10933 as a therapeutic cocktail to treat COVID-19 infected patients. On November 21, 2020, Regeneron announced that the antibody cocktail casirivimab and imdevimab administered together, has received Emergency Use Authorization (EUA) from the U.S. Food and Drug Administration (FDA).

As part of DHHS preparedness and response activities, DHHS seeks to purchase up to 1,250,000 doses of the EUA authorized (or Biologics License Application (BLA) approved) casirivimab and imdevimab therapeutic, enough to treat much of the targeted US population currently or projected to be infected over the coming months.

C.2 Objectives and Quantity: The contractor shall produce up to 1,250,000 doses of therapeutic, and the Government will purchase all such doses available in Vendor-Managed Inventory (VMI) by the applicable date set forth below:

No Later Than (NLT) June 30, 2021. The Government will consider extending the time for delivery to NLT September 30, 2021, if the contractor is unable to complete delivery to VMI by June 30, 2021, after making a good faith effort to do so. However, prior to any extension to the delivery schedule, the contractor shall coordinate with the Government to determine an appropriate path forward, aligning with Government needs. The contractor shall comply with the procedures of FAR 52.212-4(f), Excusable Delays.

C.3 Requirements:

C.3.1 Therapeutic: The contractor shall distribute the product to Government designated sites as directed by the Government, EUA authorized finished drug product in vials in accordance with the products storage and handling requirements in the EUA, including temperature controls. This shall include storage and distribution activities. Regeneron will engage one or more third party service providers (each a Distributor) to perform storage and distribution activities for drug product at the direction of the Government. The Government will be solely responsible for all allocation determinations related to drug product, including allocation to end users and communication of such allocation determinations to the Distributor. Unless otherwise mutually agreed upon by the parties, drug product shall be shipped to the Government or distributed, as applicable, solely within the United States (including its territories and possessions). The contractor shall (b) (4), until the product is distributed to the end user (e.g., the hospital, infusion center or other end-user). To the extent that Regeneron is responsible for the correction, repair or replacement of Government property held in vendor-managed inventory or in distribution and in the possession of the Distributor, (b) (4), the Government will (b) (4) of such property. The parties will coordinate ordering through centralized distribution via the established Memorandum of Understanding between Regeneron, Assistant Secretary for Preparedness and Response (ASPR), and AmerisourceBergen. Storage and distribution activities under the EUA shall be supported under this agreement through the end of the period of performance.

C.3.2 Product Development Manufacturing Reports and Projections: Regeneron will provide manufacturing reports and manufacturing dose tracking projections/actuals, in the format and having the content mutually agreed upon by the Government and Regeneron. Regeneron will update the reports (b) (4) during manufacturing campaigns and upon manufacturing deliverable submission during COVID-19 response operations (where a Public Health Emergency has been declared), with the first deliverable submission within (b) (4) of award. For clarity, the reports described in this section apply to Formulated Drug Substance and Drug Product prior to delivery and acceptance by the Government. Tracking reports for product following delivery and acceptance, shall be set forth in the Memorandum of Understanding between Regeneron, ASPR, and AmerisourceBergen.

C.5 Period of Performance: The period of performance for this contract is twelve (12) months.

C.6 Inspection/Acceptance:

C.6.1 Inspection: The Technical Point of Contact (TPOC) is a duly authorized representative of the Government, and is responsible for the inspection and/or acceptance of all items/activities to be delivered and/or completed under this contract. The parties acknowledge that acceptance may depend on the compliance with FDA regulations at 21 CFR 600-680 regarding the BLA, current Good Manufacturing Practice (cGMP) regulations at 21 CFR 210, 211, and other FDA regulations.

C.6.2 Acceptance: Title to drug product will pass to the Government upon delivery of such drug product to VMI, and the Governments corresponding written acceptance of such drug product. The Government shall accept product that conforms to contract requirements based on a Certificate of Analysis (COA) and any other quality documentation required to be provided by Regeneron, as set forth in the Quality Agreement ("Required Documents"), and the parties shall perform their obligations relating to product delivery set forth in the applicable Quality Agreement for the product. The Government's acceptance of drug product will be (b) (4)

(b) (4) provide written notice of acceptance or rejection within (b) (4) (b) (4) Any visibly damaged product will be rejected immediately. The contractor will transfer product from VMI to the Distributor for distribution directed by the Government; provided that, product shall not be provided to the Distributor until it is accepted by the Government. The contractor shall provide a shipment temperature tracking report within (b) (4) of contractors receipt of such report from its storage vendor, or otherwise in accordance with the applicable Quality Agreement. Any product subject to a temperature excursion outside of acceptable tolerances, shall be rejected. Any rejected product shall be returned to the contractor or otherwise disposed of according to contractor instructions. The Government will not be obligated to pay for rejected vials, nor will rejected vials count toward the delivery requirement. The contractor shall establish a notification mechanism for delivery sites to contact the Government regarding rejected vials.

C.7 Packaging and Marking: The contractor shall label product according to FDA guidance/instructions. Packaging shall be in shipping containers according to the contractors standard commercial practice.

C.8 Delivery of Authorized or Approved Doses: The contractors delivery obligations under this contract are contingent on product being covered by an EUA or marketing approval issued by the FDA in effect on the date of delivery. For the purpose of this contract, a dose will constitute the lowest dose authorized or approved by the FDA for the treatment of high-risk adult and pediatric patients aged 12 years and older with recently diagnosed mild-to-moderate coronavirus disease (COVID-19) prior to or on the date of delivery. Except as

A. The contractor shall develop and submit within (b) (4) of contract award, a comprehensive Supply Chain Resiliency Program that provides identification and reporting of critical components associated with the secure supply of drug substance, drug product, and work-in-process through to finished goods.

a) A critical component is defined as any material that is essential to the product or the manufacturing process associated with that product. Included in the definition are consumables and disposables associated with manufacturing. NOT included in the definition are facility and capital equipment.

B. Consideration of critical components includes the evaluation and potential impact of raw materials, excipients, active ingredients, substances, pieces, parts, software, firmware, labeling, assembly, testing, analytical and environmental componentry, reagents, or utility materials which are used in the manufacturing of a drug, cell banks, seed stocks, devices and key processing components and equipment. A clear example of a critical component is one where a sole supplier is utilized.

C. The contractor shall identify key equipment suppliers, their locations, local resources, and the associated control processes at the time of award. The Supply Chain Resiliency Plan shall address planning and scheduling for active pharmaceutical ingredients, upstream, downstream, component assembly, finished drug product and delivery events as necessary for the delivery of product.

a) Communication for these requirements shall be updated as part of an annual review, or as necessary, as part of regular contractual communications.

b) For upstream and downstream processing, both single-use and re-usable in-place processing equipment, and manufacturing disposables also shall be addressed. For finished goods, the inspection, labeling, packaging, and associated machinery shall be addressed taking into account capacity capabilities.

c) The focus on the aspects of resiliency shall be on critical components and aspects of complying with the contractual delivery schedule. Delivery methods shall be addressed, inclusive of items that are foreign-sourced, both high and low volume, which would significantly affect throughput and adherence to the contractually agreed deliveries.

D. The contractor shall articulate in the plan, the contractors methodology for inventory control, production planning, scheduling processes and ordering mechanisms, as part of those agreed deliveries.

a) Production rates and lead times shall be understood and communicated to the Contracting Officer (CO) or the Technical Point of Contact (TPOC) as necessary.

b) Production throughput critical constraints should be well understood by activity and by design, and communicated to contractual personnel. As necessary, communication should focus on identification, exploitation, elevation, and secondary constraints of throughput, as appropriate.

E. Reports for critical items shall include the following information:

- a) Critical Material
- b) Vendor
- c) Supplier, Manufacturing / Distribution Location
- d) Supplier Lead Time
- e) Shelf Life
- f) Transportation / Shipping Restrictions

F. The CO and TPOC reserve the right to request un-redacted copies of technical documents provided in response to this section, during the period of performance, for distribution within the Government. Documents shall be provided within (b) (4) after CO issues the request. The contractor may arrange for additional time if deemed necessary, and agreed to by the CO.

II. Manufacturing Data Requirements

A. The contractor shall submit within (b) (4) of contract award, detailed data regarding project materials, sources, and manufacturing sites, including but not limited to: physical locations of sources of raw and processed material by type of material;

Name of Offeror or Contractor: REGENERON PHARMACEUTICALS, INC.

location and nature of work performed at manufacturing, processing, and fill/finish sites; and location and nature of clinical studies sites (it being understood that such information already has been provided). The Government may provide a table in tabular format for the contractor to be used to submit such data, which would include but not be limited to the following:

- a) Storage/inventory of ancillary materials (vials, needles, syringes, etc.)
- b) Shipment of ancillary materials (vials, needles, syringes, etc.)
- c) Disposal of ancillary materials (vials, needles, syringes, etc.)
- d) Seed development or other starting material manufacturing
- e) Bulk drug substance and/or adjuvant production
- f) Fill, finish, and release of product or adjuvant
- g) Storage/inventory of starting materials, bulk substance, or filled/final product or adjuvant
- h) Stability information of bulk substance and/or finished product
- i) Shipment of bulk substance of final product
- j) Disposal of bulk substance or final product

III. Product Development Source Material and Manufacturing Reports and Projections

A. The contractor shall submit a detailed spreadsheet regarding critical project materials that are sourced from a location other than the United States, sources, and manufacturing sites, including but not limited to: physical locations of sources of raw and processed material by type of material; location and nature of work performed at manufacturing sites; and location and nature of clinical studies sites.

B. The contractor will provide manufacturing reports and manufacturing dose tracking projections/actuals utilizing the "COVID-19 Dose Tracking Templates," on any contract/agreement that is manufacturing product.

C. Reporting Procedures and Due Dates:

1. Contractor will submit Product Development Source Material Report:

- a) Within (b) (4) of contract award
- b) Within (b) (4) of substantive changes made to sources and/or materials
- c) On the (b) (4) contract anniversary, if no substantive changes have been made in the preceding (b) (4) period

2. The Government will provide written comments to the Product Development Source Material and Manufacturing Report within (b) (4) after the submission.

a) If corrective action is recommended, the contractor must address all concerns raised by the Government in writing.

3. Product Development and Source Material report to be submitted via spreadsheet; Dose Tracking can be completed via spreadsheet or other format (e.g. XML or JSON) as agreed to by the Government and contractor.

4. The contractor will update the Dose Tracking Template weekly during manufacturing campaigns and upon manufacturing deliverable submission during COVID-19 response operations (where a Public Health Emergency has been declared), with the first deliverable submission within (b) (4) of award.

IV. Contractor Locations

A. The contractor shall submit detailed data regarding locations where work will be performed under this contract, including addresses, points of contact, and work performed per location, to include sub-contractors.

The contractor will submit Work Locations Report:

- a) Within (b) (4) of contract award
- b) Within (b) (4) after a substantive location or capabilities change
- c) Within (b) (4) of a substantive change if the work performed supports medical countermeasure development that addresses a threat that has been declared a Public Health Emergency by the HHS Secretary or a Public Health Emergency of International Concern by the WHO

V. Access and General Protection/Security Policy and Procedures

This standard language text is applicable to ALL employees working on critical information related to Operation Warp Speed (OWS) with an area of performance within a Government controlled installation, facility or area. Employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The performer also shall provide all information required for background checks necessary to access critical information related to OWS, and to meet Government installation access requirements to be accomplished by installation Director of

Name of Offeror or Contractor: REGENERON PHARMACEUTICALS, INC.

Emergency Services or Security Office. The workforce must comply with all personnel identity verification requirements as directed by the Government and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the security status of OWS change, the Government may require changes in performer security matters or processes. In addition to the industry standards for employment background checks, the contractor must be willing to have key individuals, in exceptionally sensitive positions, identified for additional vetting by the United States Government.

VI. Operational Security (OPSEC)

The performer shall develop an OPSEC Standard Operating Procedure (SOP)/Plan within (b) (4) of project award to be reviewed and approved by the responsible Government OPSEC officer. This plan will be submitted to the TPOC for coordination of approvals. This SOP/Plan will include identifying the critical information related to this contract, why it needs to be protected, where it is located, who is responsible for it, and how to protect it.

VII. Security Plan

The contractor shall develop a comprehensive security program that provides overall protection of personnel, information, data, and facilities associated with fulfilling the Government requirement. This plan shall establish security practices and procedures that demonstrate how the contractor will meet and adhere to the security requirements outlined below prior to the commencement of product manufacturing, and shall be delivered to the Government within (b) (4) of award. The contractor shall also ensure all subcontractors, consultants, researchers, etc. performing work on behalf of this effort, comply with all Government security requirements and prime contractor security plans.

a) The Government will review in detail and submit comments within (b) (4) to the CO to be forwarded to the contractor. The contractor shall review the Draft Security Plan comments, and, submit a Final Security Plan to the U.S. Government within (b) (4) after receipt of the comments.

b) The Security Plan shall include a timeline for compliance of all the required security measures outlined by the Government.

c) Upon completion of initiating all security measures, the contractor shall supply to the CO a letter certifying compliance to the elements outlined in the Final Security Plan.

At a minimum, the Final Security Plan shall address the following items:

Security Requirements:

1. Facility Security Plan

Description: As part of the partner facility's overall security program, the contractor shall submit a written security plan with their proposal to the Government for review and approval by Government security subject matter experts. The performance of work under the contract will be in accordance with the approved security plan. The security plan will include the following processes and procedures at a minimum:

A. Security Administration

- organization chart and responsibilities
- written security risk assessment for site
- threat levels with identification matrix (High, Medium, or Low)
- enhanced security procedures during elevated threats
- liaison procedures with law enforcement
- annual employee security education and training program

B. Personnel Security

- policies and procedures
- candidate recruitment process
- background investigations process
- employment suitability policy
- employee access determination
- rules of behavior/conduct
- termination procedures
- non-disclosure agreements

C. Physical Security Policies and Procedures

- internal/external access control
- protective services
- identification/badging
- employee and visitor access controls

Name of Offeror or Contractor: REGENERON PHARMACEUTICALS, INC.

- parking areas and access control
- perimeter fencing/barriers
- product shipping, receiving and transport security procedures
- facility security lighting
- restricted areas
- signage
- intrusion detection systems
- alarm monitoring/response
- closed circuit television
- product storage security
- other control measures as identified

D. Information Security

- identification and marking of sensitive information
- access control
- storage of information
- document control procedures
- retention/destruction requirements

E. Information Technology/Cyber Security Policies and Procedures

- intrusion detection and prevention systems
- threat identification
- employee training (initial and annual)
- encryption systems
- identification of sensitive information/media
- password policy (max days 90)
- lock screen time out policy (minimum time 20 minutes)
- removable media policy
- laptop policy
- removal of IT assets for domestic/foreign travel
- access control and determination
- VPN procedures
- WiFi and Bluetooth disabled when not in use
- system document control
- system backup
- system disaster recovery
- incident response
- system audit procedures
- property accountability

2. Site Security Master Plan

Description: The partner facility shall provide a site schematic for security systems which includes: main access points; security cameras; electronic access points; IT Server Room; Product Storage Freezer/Room; and bio-containment laboratories.

3. Site Threat/Vulnerability/Risk Assessment

Description: The partner facility shall provide a written risk assessment for the facility addressing: criminal threat, including crime data; foreign/domestic terrorist threat; industrial espionage; insider threats; natural disasters; and potential loss of critical infrastructure (power/water/natural gas, etc.) This assessment shall include recent data obtained from local law enforcement agencies. The assessment should be updated annually.

4. Physical Security**A. Closed Circuit Television (CCTV) Monitoring**

- a) Layered (internal/external) CCTV coverage with time-lapse video recording for buildings and areas where critical assets are processed or stored.
- b) CCTV coverage must include entry and exits to critical facilities, perimeters, and areas within the facility deemed critical to the execution of the contract.
- c) Video recordings must be maintained for a minimum of 30 days.
- d) CCTV surveillance system must be on emergency power backup.

B. Facility Lighting

Name of Offeror or Contractor: REGENERON PHARMACEUTICALS, INC.

- a) Lighting must cover facility perimeter, parking areas, critical infrastructure, and entrances and exits to buildings.
- b) Lighting must have emergency power backup.
- c) Lighting must be sufficient for the effective operation of the CCTV surveillance system during hours of darkness.

C. Shipping and Receiving

- a) Must have CCTV coverage and an electronic access control system.
- b) Must have procedures in place to control access and movement of drivers picking up or delivering shipments.
- c) Must identify drivers picking up Government products by government issued photo identification.

D. Access Control

- a) Must have an electronic intrusion detection system with centralized monitoring.
- b) Responses to alarms must be immediate and documented in writing.
- c) Employ an electronic system (i.e., card key) to control access to areas where assets critical to the contract are located (facilities, laboratories, clean rooms, production facilities, warehouses, server rooms, records storage, etc.).
- d) The electronic access control should signal an alarm notification of unauthorized attempts to access restricted areas.
- e) Must have a system that provides a historical log of all key access transactions and kept on record for a minimum of (b) (4)
- f) Must have procedures in place to track issuance of access cards to employees and the ability to deactivate cards when they are lost or an employee leaves the company.
- g) Response to electronic access control alarms must be immediate and documented in writing and kept on record for a minimum of (b) (4)
- h) Should have written procedures to prevent employee piggybacking access.
- i) Critical infrastructure (generators, air handlers, fuel storage, etc.) should be controlled and limited to those with a legitimate need for access.
- j) Must have a written manual key accountability and inventory process.
- k) Physical access controls should present a layered approach to critical assets within the facility.

E. Employee/Visitor Identification

- a) Should issue company photo identification to all employees.
- b) Photo identification should be displayed above the waist anytime the employee is on company property.
- c) Visitors should be sponsored by an employee and must present government issued photo identification to enter the property.
- d) Visitors should be logged in and out of the facility and should be escorted by an employee while on the premises at all times.

F. Security Fencing

Requirements for security fencing will be determined by the criticality of the program, review of the security plan, threat assessment, and onsite security assessment.

G. Protective Security Forces

Requirements for security officers will be determined by the criticality of the program, review of the security plan, threat assessment, and onsite security assessment.

H. Protective Security Forces Operations

- a) Must have in-service training program.
- b) Must have Use of Force Continuum.
- c) Must have communication systems available (i.e., landline on post, cell phones, handheld radio, and desktop computer).
- d) Must have Standing Post Orders.
- e) Must wear distinct uniform identifying them as security officers.

5. Security Operations**A. Information Sharing**

- a) Establish formal liaison with law enforcement.
- b) Meet in person at a minimum annually. Document meeting notes and keep them on file for a minimum of (b) (4) POC information for LE Officer that attended the meeting must be documented.
- c) Implement procedures for receiving and disseminating threat information.

B. Training

- a) Conduct new employee security awareness training.

Name of Offeror or Contractor: REGENERON PHARMACEUTICALS, INC.

b) Conduct and maintain records of annual security awareness training.

C. Security Management

- a) Designate a knowledgeable security professional to manage the security of the facility.
- b) Ensure subcontractor compliance with all Government security requirements.

6. Personnel Security

A. Records Checks

Verification of social security number, date of birth, citizenship, education credentials, five-year previous employment history, five-year previous residence history, FDA disbarment, sex offender registry, credit check based upon position within the company; motor vehicle records check as appropriate; and local/national criminal history search.

B. Hiring and Retention Standards

- a) Detailed policies and procedures concerning hiring and retention of employees, employee conduct, and off boarding procedures.
- b) Off Boarding procedures should be accomplished within 24 hours of employee leaving the company. This includes termination of all network access.

7. Information Security

A. Physical Document Control

- a) Applicable documents shall be identified and marked as procurement sensitive, proprietary, or with appropriate Government markings.
- b) Sensitive, proprietary, and Government documents should be maintained in a lockable filing cabinet/desk or other storage device and not be left unattended.
- c) Access to sensitive information should be restricted to those with a need to know.

B. Document Destruction

- a) Documents must be destroyed using approved destruction measures (i.e, shredders/approved third party vendors / pulverizing / incinerating).

8. Information Technology and Cybersecurity

A. Identity Management

- a) Physical devices and systems within the organization are inventoried and accounted for annually.
- b) Organizational cybersecurity policy is established and communicated.
- c) Asset vulnerabilities are identified and documented.
- d) Cyber threat intelligence is received from information sharing forums and sources.
- e) Threats, vulnerabilities, likelihoods, and impacts are used to determine risk.
- f) Identities and credentials are issued, managed, verified, revoked, and audited for authorized devices, users and processes.
- g) Users, devices, and other assets are authenticated (e.g., single-factor, multifactor) commensurate with the risk of the transaction (e.g., individuals security and privacy risks and other organizational risks).

B. Access Control

- a) Limit information system access to authorized users.
- b) Identify information system users, processes acting on behalf of users, or devices and authenticate identities before allowing access.
- c) Limit physical access to information systems, equipment, and server rooms with electronic access controls.
- d) Limit access to/verify access to use of external information systems.

C. Training

- a) Ensure that personnel are trained and are made aware of the security risks associated with their activities and of the applicable laws, policies, standards, regulations, or procedures related to information technology systems.

D. Audit and Accountability

- a) Create, protect, and retain information system audit records to the extent needed to enable the monitoring, analysis, investigation, and reporting of unlawful, unauthorized, or inappropriate system activity. Records must be kept for minimum of (b) (4) .

Name of Offeror or Contractor: REGENERON PHARMACEUTICALS, INC.

- b) Ensure the actions of individual information system users can be uniquely traced to those users.
- c) Update malicious code mechanisms when new releases are available.
- d) Perform periodic scans of the information system and real time scans of files from external sources as files are downloaded, opened, or executed.
- E. Configuration Management
- a) Establish and enforce security configuration settings.
- b) Implement sub networks for publically accessible system components that are physically or logically separated from internal networks.
- F. Contingency Planning
- a) Establish, implement, and maintain plans for emergency response, backup operations, and post-disaster recovery for information systems to ensure the availability of critical information resources at all times.
- G. Incident Response
- a) Establish an operational incident handling capability for information systems that includes adequate preparation, detection, analysis, containment, and recovery of cybersecurity incidents. Exercise this capability annually.
- H. Media and Information Protection
- a) Protect information system media, both paper and digital.
- b) Limit access to information on information systems media to authorized users.
- c) Sanitize and destroy media no longer in use.
- d) Control the use of removable media through technology or policy.
- I. Physical and Environmental Protection
- a) Limit access to information systems, equipment, and the respective operating environments to authorized individuals.
- b) Intrusion detection and prevention system employed on IT networks.
- c) Protect the physical and support infrastructure for all information systems.
- d) Protect information systems against environmental hazards.
- e) Escort visitors and monitor visitor activity.
- J. Network Protection
- a) Employ intrusion prevention and detection technology with immediate analysis capabilities.
9. Transportation Security
- Description: Adequate security controls must be implemented to protect materials while in transit from theft, destruction, manipulation, or damage.
- A. Drivers
- a) Drivers must be vetted in accordance with Government Personnel Security Requirements.
- b) Drivers must be trained on specific security and emergency procedures.
- c) Drivers must be equipped with backup communications.
- d) Driver identity must be 100 percent confirmed before the pick-up of any Government product.
- e) Drivers must never leave Government products unattended, and two drivers may be required for longer transport routes or critical products during times of emergency.
- f) Truck pickup and deliveries must be logged and kept on record for a minimum of (b) (4).
- B. Transport Routes
- a) Transport routes should be pre-planned and never deviated from except when approved or in the event of an emergency.
- b) Transport routes should be continuously evaluated based upon new threats, significant planned events, weather, and other situations that may delay or disrupt transport.
- C. Product Security
- a) Government products must be secured with tamper resistant seals during transport, and the transport trailer must be locked and sealed.
- Tamper resistant seals must be verified as secure after the product is placed in the transport vehicle.

- b) Government products should be continually monitored by GPS technology while in transport, and any deviations from planned routes should be investigated and documented.
- c) Contingency plans should be in place to keep the product secure during emergencies such as accidents and transport vehicle breakdowns.

10. Security Reporting Requirements

Description: The partner facility shall notify the Government Security Team within (b) (4) of any activity or incident that is in violation of established security standards or indicates the loss or theft of Government products. The facts and circumstances associated with these incidents will be documented in writing for Government review.

11. Security Audits

Description: The partner facility agrees to formal security audits conducted at the discretion of the Government. Security audits may include both prime and subcontractor.

1 252.232-7006	WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS	DEC/2018

(a) Definitions. As used in this clause--

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local Processing Office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov> ; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this Web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/> .

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items--

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Invoice (Contractor Only)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2-in-1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

Invoice as 2-in-1

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial item financing, submit a commercial item financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some Combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

SPECIAL CONTRACT REQUIREMENTS

As this is a commercial contract, any special requirements contained in this section and throughout the contract, are incorporated by addendum.

1. OWS REQUIRED CLAUSE

I. Key Personnel

Any key personnel specified in this contract are considered to be essential to work performance. At least (b) (4) prior to the Contractor voluntarily diverting any of the specified individuals to other programs or contracts, the Contractor shall notify the CO and shall submit a justification for the diversion or replacement and a request to replace the individual. The request must identify the proposed replacement and provide an explanation of how the replacement's skills, experience, and credentials meet or exceed the requirements of the contract (including, when applicable, Human Subjects Testing requirements). If the employee of the Contractor is terminated for cause or separates from the Contractor voluntarily with less than (b) (4), the Contractor shall provide the maximum notice practicable under the circumstances. The Contractor shall not divert, replace, or announce any such change to key personnel without the written consent of the CO. The contract will be modified to add or delete key personnel as necessary to reflect the agreement of the parties. The following individuals are determined to be key personnel:

Reference Regeneron's Technical Proposal dated 29 December 2020, Section 2.3.1.1, Program Management, for a listing of key personnel

II. Substitution of Key Personnel

The Contractor agrees to assign to the contract those persons whose resumes/CVs were submitted with the proposal who are necessary to fill the requirements of the contract. No substitutions shall be made, except in accordance with this clause.

All requests for substitution must provide a detailed explanation of the circumstance necessitating the proposed substitution, a complete resume for the proposed substitute and any other information requested by the CO to approve or disapprove the proposed substitution. All proposed substitutes must have qualifications that are equal to or higher than the qualifications of the person to be replaced. The CO or authorized representative (TPOC) will evaluate such requests and promptly notify the Contractor of his approval or disapproval thereof.

The Contractor further agrees to include the substance of this clause in any subcontract, which may be awarded under this contract.

III. Disclosure of Information

Performance under this contract may require the Contractor to access non-public data and information proprietary to a Government agency, another Government Contractor or of such nature that its dissemination or use other than as specified in the work statement would be adverse to the interests of the Government or others. Neither the Contractor, nor Contractor personnel, shall divulge nor release data nor information obtained under performance of this contract, except authorized by Government personnel or upon written approval of the CO in accordance with OWS or other Government policies and/or guidance. The Contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as specified in this contract, or any information at all regarding this agency.

The Contractor shall comply with all Government requirements for protection of non-public information. Unauthorized disclosure of nonpublic information is prohibited by the Governments rules. Unauthorized disclosure may result in termination of the contract, replacement of a Contractor employee, or other appropriate redress. Neither the Contractor nor the Contractors employees shall disclose or cause to be disseminated, any information concerning the operations of the activity, which could result in, or increase the likelihood of, the possibility of a breach of the activity's security or interrupt the continuity of its operations.

No information related to data obtained from the Government under this contract shall be released or publicized without the prior written consent of the TPOC, whose approval shall not be unreasonably withheld, conditioned, or delayed, provided that no such consent is required to comply with any law, rule, regulation, court ruling or similar order; for submission to any Government entity for submission to any securities exchange on which the Contractors (or its parent corporations) securities may be listed for trading; or to third parties relating to securing, seeking, establishing or maintaining regulatory or other legal approvals or compliance, financing and capital raising activities, or mergers, acquisitions, or other business transactions.

IV. Publications and Publicity

The Contractor shall not release any reports, manuscripts, press releases, or abstracts about the work being performed under this contract without written notice in advance to the Government.

(a) Unless otherwise specified in this contract, the Contractor may publish the results of its work under this contract. The Contractor shall promptly send a copy of each submission to the TPOC for security review prior to submission. The Contractor shall also inform the TPOC when the abstract article or other publication is published, and furnish a copy of it as finally published.

(b) Unless authorized in writing by the CO, the Contractor shall not display Government logos, including Operating Division or Staff Division logos on any publications.

(c) The Contractor shall not reference the products(s) or services(s) awarded under this contract in commercial advertising, as defined in FAR 31.205-1, in any manner which states or implies Government approval or endorsement of the product(s) or service(s) provided.

(d) The contractor shall include this clause, including this section (d) in all subcontracts where the subcontractor may propose publishing the results of its work under the subcontract. The Contractor shall acknowledge the support of the Government whenever publicizing the work under this contract in any media by including an acknowledgement substantially as follows:

"This project has been funded in whole or in part by the U.S. Government under Contract No. W15QKN-21-C-0014. The US Government is authorized to reproduce and distribute reprints for Governmental purposes notwithstanding any copyright notation thereon."

V. Confidentiality of Information

a. Confidential information, as used in this article, means information or data of a personal nature about an individual, or proprietary information or data submitted by or pertaining to an institution or organization.

b. The CO and the Contractor may, by mutual consent, identify elsewhere in this contract specific information and/or categories of information which the Government will furnish to the Contractor or that the Contractor is expected to generate which is confidential. Similarly, the CO and the Contractor may, by mutual consent, identify such confidential information from time to time during the performance of the contract. Failure to agree will be settled pursuant to the "Disputes" clause.

c. If it is established elsewhere in this contract that information to be utilized under this contract, or a portion thereof, is subject to the Privacy Act, the Contractor will follow the rules and procedures of disclosure set forth in the Privacy Act of 1974, 5 U.S.C. 552a, and implementing regulations and policies, with respect to systems of records determined to be subject to the Privacy Act.

d. Confidential information, as defined in paragraph (a) of this article, shall not be disclosed without the prior written consent of the individual, institution, or organization.

e. Whenever the Contractor is uncertain with regard to the proper handling of material under the contract, or if the material in question is subject to the Privacy Act or is confidential information subject to the provisions of this article, the Contractor shall obtain a written determination from the CO prior to any release, disclosure, dissemination, or publication.

f. Contracting Officer Determinations will reflect the result of internal coordination with appropriate program and legal officials.

g. The provisions of paragraph (d) of this article shall not apply to conflicting or overlapping provisions in other Federal, State or local laws.

All above requirements MUST be passed to all sub-contractors.

VI. Organizational Conflicts of Interest

Performance under this contract may create an actual or potential organizational conflict of interest such as are contemplated by FAR Part 9.505-General Rules. The Contractor shall not engage in any other contractual or other activities which could create an Organizational Conflict of Interest (OCI). This provision shall apply to the prime Contractor and all sub-contractors. This provision shall have effect throughout the period of performance of this contract, any extensions thereto by change order or supplemental agreement, and for two (2) years thereafter. The Government may pursue such remedies as may be permitted by law or this contract, upon determination that an OCI has occurred.

The work performed under this contract may create a significant potential for certain conflicts of interest, as set forth in FAR Parts 9.505-1, 9.505-2, 9.505-3, and 9.505-4. It is the intention of the parties hereto to prevent both the potential for bias in connection with the Contractors performance of this contract, as well as the creation of any unfair competitive advantage as a result of knowledge gained through access to any non-public data or third party proprietary information.

The Contractor shall notify the CO immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI. Furthermore, the Contractor shall promptly submit a plan to the CO to either avoid or mitigate any such OCI. The CO will have sole discretion in accepting the Contractors mitigation plan. In the event the CO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, other remedies may be taken to prohibit the Contractor from participating in contract requirements related to OCI.

Whenever performance of this contract provides access to another Contractors proprietary information, the Contractor shall enter into a written agreement with the other entities involved, as appropriate, in order to protect such proprietary information from unauthorized use or disclosure for as long as it remains proprietary; and refrain from using such proprietary information other than as agreed to,

for example to provide assistance during technical evaluation of other Contractors offers or products under this contract. An executed copy of all proprietary information agreements by individual personnel or on a corporate basis shall be furnished to the CO within (b) (4) of execution.

2. HEALTH RESOURCE PRIORITY AND ALLOCATIONS SYSTEM (HRPAS)

In order to ensure the success of Regenerons efforts, a priority rating is incorporated into the contract for the procurement of raw materials, consumables, repair parts, and major end item assemblies by Regeneron under Title I of the HRPAS.

Priority Rating: Defense Production Act (DPA) Title I DO-HR

Each rated order executed by Regeneron must include the following:

- (a) The priority rating: DPA Title I DO-HR;
- (b) A required delivery date or dates. The words immediately or as soon as possible do not constitute a delivery date;
- (c) The written signature on a manually placed order, or the digital signature or name on an electronically placed order, of an individual authorized to sign rated orders for the person placing the order; and
- (d) A statement that reads in substance:
 - (1) This is a rated order certified for national defense use, and you are required to follow all the provisions of the Health Resources Priorities and Allocations System regulation at 45 CFR part 101.
 - (2) If the rated order is placed in support of emergency preparedness requirements and expedited action is necessary and appropriate to meet these requirements, the following sentences should be added following the statement set forth in paragraph (d)(1) of this section:
 - (i) This rated order is placed for the purpose of emergency preparedness. It must be accepted or rejected within (b) (4) after receipt of the order if:
 - A. The order is issued in response to a hazard that has occurred; or
 - B. If the order is issued to prepare for an imminent hazard, as specified in HRPAS Section 101.33(e).

3. ENSURING SUFFICIENT SUPPLY OF THE PRODUCT

1. In recognition of the Governments need to provide sufficient quantities of a COVID-19 therapeutic to protect the United States population, the Government shall have the remedy described in this section to ensure sufficient supply of the product to meet the needs of the public health or national security. This remedy is not available to the Government unless and until both of the following conditions ((a) and (b)) are met:

- (a) Regeneron gives written notice, required to be submitted to the Government no later than (b) (4), of:
 - i. any formal management decision to terminate manufacturing of this product therapeutic prior to delivery of the minimum required doses to the U.S. Government under this contract, as well as all additional orders accepted by the Contractor, other than as a result of clinical failure, or serious technical or safety reasons
 - or;
 - ii. any formal management decision to discontinue sale of this product therapeutic to the Government prior to delivery of the minimum required doses to the U.S. Government under this contract, as well as all additional orders accepted by the Contractor, other than as a result of clinical failure, or serious technical or safety reasons; or any filing that anticipates Federal bankruptcy protection; and
- (b) Regeneron has submitted an Emergency Use Authorization application under Section 564 of the Food, Drug, and Cosmetic (FD&C) Act or a biologics license application under the provisions of Section 351(a) of the Public Health Service Act (PHSA).

2. If both conditions listed in section 1 occur, Regeneron, upon the request of the Government, shall provide the following items necessary for the Government to pursue manufacturing of this therapeutic product with a third party for exclusive sale to the U.S. Government:

(b) any outstanding Deliverables contemplated or materials purchased under this contract.

3. This remedy will remain available until the end of the contract, and the license rights and items may only be used by the Government and its contractors to the extent needed to manufacture the number of doses that are not received under this contract, including with respect to any additional orders that are accepted by the Contractor.

___ (6) 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services--Requirements (MAY 2014) (41 U.S.C. chapter 67).

___ (7) 52.222-55, Minimum Wages Under Executive Order 13658 (Nov 2020) (Executive Order 13658).

___ (8) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2017) (E.O. 13706).

___ (9) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations (Jun 2020) (42 U.S.C. 1792).

(d) Comptroller General Examination of Record. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, as defined in FAR 2.101, on the date of award of this contract, and does not contain the clause at 52.215-2, Audit and Records -- Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractors directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause--

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Jun 2020) (41 U.S.C. 3509).

(ii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017) (section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions)).

(iii) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Jul 2018) (Section 1634 of Pub. L. 115-91).

(iv) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (AUG 2020) (Section 889(a)(1)(A) of Pub. L. 115-232).

(v) 52.219-8, Utilization of Small Business Concerns (Oct 2018) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(vi) 52.222-21, Prohibition of Segregated Facilities (Apr 2015).

(vii) 52.222-26, Equal Opportunity (Sep 2016) (E.O. 11246).

16. REMARKS

Distribution Concept of Operations. The contractor shall distribute product at upon Government direction and pursuant to the Government's allocation determinations. BARDA, and MCM Manufacturers play an important role in the distribution of therapeutics to the American people under a nationwide response. BARDA will work with the manufacturer to monitor what is in the manufacturing pipeline using the enclosed dose tracking templates (see above). Awardee will relay final drug product information as it is being released to the BARDA/ASPR for allocation and ordering by state public health departments. This information will be returned to BARDA, the awardee and distributor. Distributors will use that information to ship therapeutics in bulk to sites of administration/ end user.

Provide the following information in order to coordinate the movement and delivery of antibody from manufacturing locations sites of administration/end user :

- Provide Points of Contact information (name, title, phone, email) for manufacturing / supply chain personnel for each manufacturing, CMO, storage and distribution locations:
- Head of Manufacturing • Production Planning • Logistics • Distribution • Labeling
- Provide therapeutic labeling, packaging and distribution information as soon as it becomes available. At a minimum, include the following:
- Primary Container Information • Number of doses per primary container • Unit of Sale (carton, box, package, other) • Quantity per Unit of Sale • National Drug Code (NDC) or NDC-like code under EUA • Unit of Sale dimensions (H,W, L) • Unit of Sale weight
- Intermediate Package • Intermediate Package dimensions • Intermediate Package weight
- Quantity Unit of Sale per pallet • Storage Requirements • Stability Information • Obtain concurrence on planned shipment protocols prior to transport
- If therapeutic will require ultra-cold storage temperatures at the designated distribution centers, products should be packaged in 10-dose units to facilitate pick/pack process and reduce exposure of workers to ultra-cold temperatures.
- Include the following DSCSA data elements, TI, TH and TS in packing lists.
- Include the Agreement number on the packing list for all shipments
- Include a copy of the MSDS (with QR code) in the packing list envelope with each shipment.
- Send EDI 856 Advanced Shipment Notice for all products shipped to a USG directed location. Send electronic/scanned copies of all bulk shipment related documents to the AOR for three-way matching on the day shipment occurs.

16. REMARKS Develop a comprehensive security program that provides overall protection of personnel, information, data, and facilities associated with fulfilling the Government requirement. This plan shall establish security practices and procedures that demonstrate how the Awardee will meet and adhere to the security requirements outlined below prior to the commencement of product manufacturing, and shall be delivered to the Government within (b) (4) of award. The Awardee shall also use commercially reasonable efforts to ensure all subawardees, consultants, researchers, etc. performing work on behalf of this effort, comply with all Government security requirements and Awardee security plans. The Awardee will flow-down the provisions of the Security Plan to (i) all sub-agreements/contracts executed after the Execution Date, and (ii) all sub-agreements/contracts executed prior to the Execution Date which cover manufacturing/fill/finish/storage activities under this Agreement; provided that in no event will the Awardee be required to flow-down any provisions to any sub-awardee which has a preexisting direct relationship with the Government. The Awardee will have a period of (b) (4) to amend any existing agreements to reflect these flow-down requirements or, in the alternative, to demonstrate the sub-awardee's material compliance with any such flow-down requirements. The Government will review in detail and submit comments within (b) (4) to the Agreements Officer (AO) to be forwarded to the Awardee. The Awardee shall review the Draft Security Plan comments, and, submit a Final Security Plan to the U.S. Government within (b) (4) after receipt of the comments. The Security Plan shall include a timeline for compliance of all the required security measures outlined by the Government. Upon completion of initiating all security measures, the Awardee shall supply to the Agreements Officer a letter certifying compliance to the elements outlined in the Final Security Plan.	BARDA	1

FOR THE CONTRACTOR

Item 17. Specify appropriate price group from one of the following groups of effort in developing estimated prices for each data item listed on the DD Form 1423.

a. Group I. Definition - Data which is not otherwise essential to the contractor's performance of the primary contracted effort (production, development, testing, and administration) but which is required by DD Form 1423.

Estimated Price - Costs to be included under Group I are those applicable to preparing and assembling the data item in conformance with Government requirements, and the administration and other expenses related to reproducing and delivering such data items to the Government.

b. Group II. Definition - Data which is essential to the performance of the primary contracted effort but the contractor is required to perform additional work to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, or quality of the data item.

Estimated Price - Costs to be included under Group II are those incurred over and above the cost of the essential data item without conforming to Government requirements, and the administrative and other expenses related to reproducing and delivering such data item to the Government.

c. Group III. Definition - Data which the contractor must develop for his internal use in performance of the primary contracted effort and does not require any substantial change to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, and quality of the data item.

Estimated Price - Costs to be included under Group III are the administrative and other expenses related to reproducing and delivering such data item to the Government.

d. Group IV. Definition - Data which is developed by the contractor as part of his normal operating procedures and his effort in supplying these data to the Government is minimal.

Estimated Price - Group IV items should normally be shown on the DD Form 1423 at no cost.

Item 18. For each data item, enter an amount equal to that portion of the total price which is estimated to be attributable to the production or development for the Government of that item of data. These estimated data prices shall be developed only from those costs which will be incurred as a direct result of the requirement to supply the data, over and above those costs which would otherwise be incurred in performance of the contract if no data were required. The estimated data prices shall not include any amount for rights in data. The Government's right to use the data shall be governed by the pertinent provisions of the contract.

SMALL BUSINESS SUBCONTRACTING PLAN

(Model Outline* – Template Revised 4/28/2020)

* This template is a **suggested** model for use when formulating a subcontracting plan pursuant to the requirements at FAR 52.219-9(d). While this model plan has been designed to be consistent with FAR 52.219-9, other formats may be acceptable. However, failure to include the essential information as set forth in this model may be cause for either a delay in acceptance or the rejection of an offer where the clause is applicable. Further, the use of this model is not intended to waive other requirements that may be applicable under FAR 52.219-9 or that may appear in the Government's solicitation. "SUBCONTRACT," as used in 52.219-9, **refers to your external company spend**, meaning any agreement (other than one involving an employer-employee relationship) entered into by a federal government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

SUBCONTRACTING PLAN PERIOD: January 1, 2021 - December 31, 2021

Individual plans should cover the entire period of performance, and commercial plans should coincide with the company's fiscal year. In the event your company's fiscal year is for a period that will end before the contract periods of any federal contracts you hold which include the requirement to have a small business subcontracting plan, **you will be required to submit a new subcontracting plan for approval thirty (30) days prior to expiration of the existing subcontracting plan.** In the event an acceptable plan cannot be negotiated prior to expiration of the existing subcontracting plan, your contract(s) may be terminated.

DATE SUBMITTED: November 30th 2020

[REDACTED] (b) (4)

5. IDENTIFYING POTENTIAL SOURCES

The following methods were used to identify potential sources for solicitation purposes (See FAR 52.219-9(d)(5) for examples of methods that may be used.):

[REDACTED] (b) (4)

6. INDIRECT COSTS

Indirect costs have have not been included in the dollar and percentage subcontracting goals stated above. (Check one.)

If "have been" is checked (and you are proposing an individual plan), explain the method used in determining the proportionate share of indirect costs to be incurred with small business (including Alaska Native Corporations and Indian tribes), veteran-owned small business, service-disabled veteran-owned small business, small disadvantaged business (including ANCs and Indian tribes), women-owned small business, and HUBZone small business concerns. *Note: Commercial planholders who choose to*

include indirect costs will not need to provide the aforementioned explanation because the costs will be applied at 100%.

7. PROGRAM ADMINISTRATOR

The following individual will administer the subcontracting program:

NAME: (b) (6)
TITLE: (b) (6)
ADDRESS: 777 Old Saw Mill River Road
Tarrytown, NY 10591

TELEPHONE: (b) (6)
E-MAIL: (b) (6)

This individual's specific duties, as they relate to the firm's subcontracting program, are as follows: Manage the (b) (4) and administer processes and plans, set goals, develop strategies to achieve stated goals, enhance procedures, monitor the progress of the program and assign responsibilities, guide the sourcing department to assist in the identification of small and diverse suppliers, and prepare and submit the annual eSRS report December 30th and Small Business Subcontract plan November 30th in a timely manner. Act as mentor and provide extensive counseling and advice to small business entities who are interested in participating in sourcing efforts and to those suppliers who were not awarded Regeneron's business after a sourcing event.

In addition, work with Regeneron's legal team to ensure contracts contain all applicable language regarding small business sourcing opportunities. (b) (4)

8. EQUITABLE OPPORTUNITY

The following good faith efforts (internal and external) will be taken to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, small disadvantaged business, women-owned small business, and HUBZone small business concerns will have an equitable opportunity to compete for subcontracts:

(b) (4)

[Redacted text block containing multiple lines of blacked-out information]

9. **FLOW-DOWN CLAUSE**

The offeror agrees that the FAR clause of this contract entitled "Utilization of Small Business Concerns" (52.219-8) will be included in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$700,000 (\$1.5 million for construction of any public facility) with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of FAR clause 52.219-9 Small Business Subcontracting Plan.

NOTE: See exceptions listed in FAR 52.219-9(j).

10. **REPORTING & COOPERATION**

The offeror agrees to

- (i) Cooperate in any studies or surveys as may be required;
- (ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;
- (iii) After November 30, 2017, include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;
- (iv) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (l) of FAR 52.219-9 using the Electronic Subcontracting Reporting System (eSRS) at <http://www.esrs.gov>. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by SBA as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with 52.219-9, or as provided in agency regulations;
- (v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using eSRS;
- (vi) Provide its prime contract number, its unique identity identifier, and the e-mail address of the Offeror's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their ISRs; and
- (vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique identity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

11. **RECORDKEEPING**

The following is a description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing

source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

- (i) Source lists (e.g., SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.
- (ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.
- (iii) Records on each subcontract solicitation resulting in an award of more than \$150,000 (**Note: As of the publication of this template, the threshold of \$150,000 has been revised by some agencies via a deviation to either reflect "\$250,000" or to reference "the simplified acquisition threshold" rather than referring to a specific dollar amount.**), indicating—
 - (A) Whether small business concerns were solicited and, if not, why not;
 - (B) Whether veteran-owned small business concerns were solicited and, if not, why not;
 - (C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;
 - (D) Whether HUBZone small business concerns were solicited and, if not, why not;
 - (E) Whether small disadvantaged business concerns were solicited and, if not, why not;
 - (F) Whether women-owned small business concerns were solicited and, if not, why not; and
 - (G) If applicable, the reason award was not made to a small business concern.
- (iv) Records of any outreach efforts to contact—
 - (A) Trade associations;
 - (B) Business development organizations;
 - (C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-owned, and women-owned small business sources; and
 - (D) Veterans service organizations.
- (v) Records of internal guidance and encouragement provided to buyers through—
 - (A) Workshops, seminars, training, etc.; and
 - (B) Monitoring performance to evaluate compliance with the program's requirements.
- (vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

12 & 13. UTILIZATION OF SMALL BUSINESS CONCERNS USED IN BID/PROPOSAL

12. The offeror agrees to make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if—

- (i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or
- (ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that

the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

13. The Contractor agrees to provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (12) above. This written explanation must be submitted to the Contracting Officer within 30 days of contract completion.

14. SUBCONTRACTOR DISCUSSIONS WITH CO

The Contractor agrees not to prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

15. PROMPT PAYMENT OF SMALL BUSINESS SUBCONTRACTORS

The Contractor agrees to pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract and notify the contracting officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see FAR 52.242-5).
