### SMALL BUSINESS SUBCONTRACTING PLAN

#### (Model Outline\* – Template Revised 10/20/2020)

\* This template is a **suggested** model for use when formulating a subcontracting plan pursuant to the requirements at FAR 52.219-9(d). While this model plan has been designed to be consistent with FAR 52.219-9, other formats may be acceptable. However, failure to include the essential information as set forth in this model may be cause for either a delay in acceptance or the rejection of an offer where the clause is applicable. Further, the use of this model is not intended to waive other requirements that may be applicable under FAR 52.219-9 or that may appear in the Government's solicitation. "SUBCONTRACT," as used in 52.219-9, **refers to your external company spend**, meaning any agreement (other than one involving an employer-employee relationship) entered into by a federal government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

#### SUBCONTRACTING PLAN PERIOD: January 1, 2021 – December 31, 2021

Individual plans should cover the entire period of performance, and commercial plans should coincide with the company's fiscal year. In the event your company's fiscal year is for a period that will end before the contract periods of any federal contracts you hold which include the requirement to have a small business subcontracting plan, you will be required to submit a new subcontracting plan for approval thirty (30) days prior to expiration of the existing subcontracting plan. In the event an acceptable plan cannot be negotiated prior to expiration of the existing subcontracting plan, your contract(s) may be terminated.
