(b)(4)
ARTICLE I: SCOPE OF THE AGREEMENT

A. Background

Seasonal and pandemic influenza remains among the most important public health threats despite current therapeutic options. Janssen Pharmaceutical Companies have developed a broad portfolio of innovative and unique small molecules, biologics and vaccines countermeasures against a broad range of threat agents. Those companies have come together to form a Consortium, and this Agreement is intended to cover efforts by the Consortium Members to work together with BARDA to further develop their collective portfolio of potential countermeasures against influenza and medical countermeasures against other emerging infectious diseases. A single Janssen Company, Janssen Research and Development, LLC is designated as the Recipient of this Agreement.

The current portfolio envisioned under this Agreement includes: an influenza A or B viruses; a now ready for (b)(4) influenza A or B viruses; a (b)(4) and (b)(4) modes of action that are complementary to current standard-of-care treatments, and may be useful in developing single or combination therapies that have the potential to increase therapeutic benefit and preclude the rapid emergence of drug resistance. The (b)(4) to (b)(4) the influenza vaccine field by providing broad protection for both seasonal and pandemic influenza.

Collaboration between BARDA and the Consortium Members under this Agreement will provide the parties the flexibility to execute a portfolio approach to funding in the complex and uncertain environment of drug development. To maximize the potential to achieve the objectives of this Agreement, other medical countermeasure candidates that Consortium Members develop or in-license during the term of the Agreement may be considered by the Joint Oversight Committee (JOC) for inclusion in the portfolio.

B. Definitions

Affiliate: Any entity that controls, is controlled by, or is under common control with, a party to this Agreement. In this context, "control" shall mean (1) ownership by one entity, directly or indirectly, of at least fifty percent (50%) of the voting stock of another entity; or (2) power of one entity to direct the management or policies of another entity, by contract or otherwise.

Agreement: The body of this Agreement and all attachments and modifications thereto, including Attachments 1 – 3 are expressly incorporated in and made a part of the Agreement.

Consortium: That group of Consortium Members that are: (i) Affiliates of one another; and (ii) have agreed with one another to collaborate to perform the objectives and obligations set forth in this Agreement.

Consortium Member: Janssen Research and Development, LLC (JRD), Janssen Pharmaceuticals, Inc. (JPI), Janssen Vaccines & Prevention B.V. (JV&P), Alios BioPharma, Inc. (Alios), and any legal entity, U.S.
or ex-U.S., that has been identified by Recipient as a member of the Consortium during performance of
the Agreement.

**Data:** Recorded information first created in performance of the Program, regardless of form or
method of recording, which includes but is not limited to, technical data and software, but does not
include trade secrets, clinical data, or financial, administrative, cost, pricing or
management information.

**Effective Date:** The date of execution of this Agreement by the Parties. If this Agreement is executed
in counterparts, the Effective Date shall be the date of the last signature.

**Foreign Firm or Institution:** A firm or institution organized or existing under the laws of a country
other than the United States, its territories, or possessions. The term includes, for purposes of this
Agreement, any agency or instrumentality of a foreign government; and firms, institutions or business
organizations which are owned or substantially controlled by foreign governments, firms, institutions,
or individuals.

**Government:** The United States of America, as represented by HHS/BARDA. For purposes of this
Agreement, the Government and HHS and BARDA may be used interchangeably.

**Invention:** Any invention or discovery which is or may be patentable under Title 35 of the United
States Code.

**Know-How:** Information, practical knowledge, techniques, and skill development created by Recipient
in performance of the Program.

**Limited Rights:** The rights to use, modify, reproduce, perform, display, or disclose Data, in whole or in
part, that disclosed information is safeguarded in accordance with the restrictions of this Agreement. The
Government may not, without the prior written permission of Recipient, release or disclose Data
outside the Government, use Data for competitive procurement or manufacture, release or disclose
Data for commercial purposes, or authorize Data to be used by another party.

**Other Transaction Agreement Officer (OTAO):** Is the responsible government official authorized to
bind the government by signing this agreement and bilateral modifications.

**Other Transaction Agreement Specialist (OTAS):** Is a supporting official that executes agreement
modifications on behalf of the Other Transaction Agreement Officer.

**Other Transaction Agreement Technical Representative (OTTR):** Is the primary government official for
all technical matters on the agreement.

Program: Research and development that is conducted by the Consortium under this Agreement, as set forth in Article I., section C, and is funded by BARDA or by Binding Cost Share by Recipient.

Property: Any tangible personal property other than property actually consumed during the execution of work in performance of the Program.

Recipient: Janssen Research & Development, LLC ("JRD") acting on its own behalf and on behalf of the Consortium and each Consortium Member.

Subject Invention: (b)(4)

Subject Invention (SI) Intellectual Property Rights: (b)(4)

Technology: Discoveries, innovations and Know-How, whether patentable or not, including computer software, recognized under U.S. law as intellectual creations to which rights of ownership accrue, including, but not limited to, patents, trade secrets, and copyrights first created in the Program and that have not been disclosed to the public, but does not include any Subject Invention.

Under this Agreement: Means activities conducted pursuant to this Agreement that are BARDA funded or Binding Cost Share by Recipient.

C. Scope

1. The Consortium Members shall perform an advanced research and development program to develop single or combination therapies that have the potential to increase therapeutic benefit, and preclude the rapid emergence of drug resistance for influenza and medical countermeasures against threat agents. Specifically, this Agreement includes: an influenza (b)(4) that is now ready for (b)(4) a (b)(4) research shall be carried out in accordance with one or more Statements of Work ("SOW"). The SOW is incorporated in this Agreement as Attachment 1 and may be modified with the
approval of the JOC and OTAO. Consortium Members shall submit or otherwise provide all
documentation required by Attachment 2, Report Requirements.

2. Recipient shall be paid for work performed under this Agreement upon submission of
invoices on a quarterly basis. The agreement payments will be based upon accumulation of
expenses incurred by the Consortium Members.

3. The Government and Recipient anticipate that the work described in the SOW of this
Agreement can only be accomplished with an estimated Consortium aggregate resource
contribution of [b(4)], which represents [b(4)] share of the total estimated
project costs from the effective date of this Agreement through sixty (60) months
thereafter. By entering into this Agreement, Recipient intends and shall undertake to cause
these funds to be provided to the Consortium Members for the purpose of performing the
obligations described in this Agreement. If either HHS or Consortium is unable to provide
its respective total contribution, the other Party may reduce its project funding by a
proportional amount.

4. The Government will have access to research results and certain rights in data and
patents as stated in this Agreement. HHS and Recipient are bound to each other by a duty
of good faith and will utilize commercially reasonable efforts in achieving the goals of the
Program.

5. This Agreement is an “other transaction” pursuant to 10 U.S.C. § 2371 and Sections
319L(c)(4)(B) and 319L(c)(4)(D) of the Pandemic and All-Hazards Preparedness Act, P.L. 109-
417. The Parties agree that the principal purpose of this Agreement is to support
commercially reasonable efforts in achieving the goals of the Program, and not for the
acquisition of property or services for the direct benefit or use of the Government.

ARTICLE II: TERM

A. Term of this Agreement:

The Agreement commences on the date of the last signature hereto and continues [b(4)]
[b(4)]. The Government will
provide the Recipient a preliminary written notice of its desire to exercise each option at least ninety
(90) days before the expiration of (i) one year following the commencement of the Agreement (for the
first Option) and (ii) each Option term thereafter, as applicable. The preliminary notice does not
commit the Government to an extension; however, if the Government issues a preliminary notice to
Recipient and subsequently elects not to proceed to exercise the Option, the Government shall notify
Recipient of this decision not less than thirty (30) days prior to expiration of the term. The Recipient
may decline any Option and such declination will be treated as a termination and Recipient shall act in
accordance with the terms in Section B. The Parties may also agree mutually to extend the term of this
Agreement and its options by written agreement on or before the expiration of the Agreement.
B. Termination Provisions

Either Party may terminate this Agreement by providing ninety (90) days written notice to the other Party, provided that such written notice is preceded by consultation between the Parties at the level of the JOC. In the event of a termination of the Agreement, it is agreed that disposition of Data developed under this Agreement, shall be in accordance with the provisions set forth in Article VIII, Data Rights. The Government and the Recipient will negotiate in good faith a reasonable and timely adjustment of all outstanding issues between the Parties resulting from termination, including disposition of animals acquired for research use. Failure of the Parties to agree to a reasonable adjustment will be resolved pursuant to Article VI, Disputes. The Government has no obligation to pay the Recipient for activities performed after the date of contract termination with the exception of any non-cancellable obligations which may have been entered into in the course of performing the approved scope of work. For purposes of this clause, termination expenses shall be those expenses identified in Federal Acquisition Regulation 31.205-42 but do not include re-procurement costs.

C. Extending the Term

The Parties may extend by mutual written agreement the term of this Agreement if funding availability and research opportunities reasonably warrant. Any extension shall be formalized through modification of the Agreement by the OTAO and the Consortium Project Management Lead (PML). If the Recipient desires an extension to the period of performance of this Agreement, the Recipient shall submit a request in writing to the OTAO. Any request for an extension should include a revised milestone/project schedule (if applicable).

ARTICLE III: AMENDMENTS

A. Recommendations for Modifications

As a result of quarterly meetings, JOC meetings or at any time during the term of the Agreement, research progress or results may indicate that a change in the SOW would be beneficial to Program objectives. Any modification to the Agreement, excluding minor modifications discussed below, shall be by mutual written agreement of the Parties. Recommendations for modifications, including justifications to support any changes to the SOW, will be documented in a letter and submitted by the PML to the OTTR with a copy to the ASPR OTAO and OTAS. This letter will detail the technical, chronological, and financial impact (if any) of the proposed modification to the Program.

B. Minor Modifications

Notwithstanding the foregoing, minor non-material Agreement modifications that do not affect the obligations of Recipient or Consortium Members, the Government or the terms and conditions of this Agreement (e.g. changes in the paying office or appropriation data, Government or the Recipient's changes to personnel identified in the Agreement, etc.), may be made by either Party with one (1) working-day written notice to the other Party. Failure of the other party to respond will be deemed concurrence that subject modification is non-material. If Parties do not reach agreement as to whether a modification is minor, then the process identified in Section C shall apply.
C. Modifying the Agreement

The OTAO and OTAS shall be responsible for agreeing to any modifications to this Agreement on behalf of the Government. The Principal Investigator (PI) and PML shall be responsible for agreeing to any modifications to this Agreement on behalf of the Consortium. No modification, however, is effective unless in writing and signed by the Parties.

ARTICLE IV: MANAGEMENT OF THE PROJECT
A. Project Organization and management Structure

1. Joint Oversight Committee: The Joint Oversight Committee (JOC) is the higher-level decision making body that provides guidance, direction and control to the Program Management Organization (PMO) Steering Committee to ensure execution of the projects according to the SOW. The JOC shall have representation from both BARDA and the Recipient and shall discuss and jointly approve changes to the SOW. The responsibility of the JOC is to mutually interrogate risks and progress of assets covered under this Agreement, endorse potential new assets and agree on allocation of funding across activities covered under the Agreement. Any addition or removal of assets or Consortium Members, agreed upon by the JOC for inclusion under this Agreement shall be added by modification.

The JOC will recommend the strategy to be covered under this Agreement during the subsequent funding period, as well as how Government funding will be allocated across these activities. The recommendations will be submitted, as appropriate, to the relevant Consortium governance board(s) for endorsement and decision. Similar procedures will be implemented by the Government. If endorsed by the relevant Consortium governance boards and by BARDA, the recommendations will be incorporated into the SOW and this Agreement through modifications as described in ARTICLE III.

2. PMO Steering Committee: The PMO steering committee has dual responsibilities. First, it is responsible for communication and coordination with BARDA regarding day to day management and execution of the project; e.g. organizing meetings on a regular, agreed-upon basis. Second, the PMO Steering Committee will coordinate all SOW activities and provide the technical and administrative infrastructure to ensure efficient planning, initiative, implementation, direction, management and completion of all tasks, including the establishment of the Compound Development Teams (CDT). These SOW activities will be coordinated by the Project Manager Leader (PML). The Steering Committee will assess progress and, where needed, will propose strategic technical changes to be decided upon by the JOC. The Steering Committee consists of a group of dedicated and specialized project management experts, key personnel (shown below) and additional specific expertise for the functions that are required for executing the specific work scope for each proposed asset
area. The PMO Steering Committee will prepare for and participate in quarterly review meetings in conjunction with the BARDA Technical Team including the OTTR, as further described in Section B of this Agreement.

B. Project Committees and Meetings

1. Joint Oversight Committee (JOC). The JOC will meet at critical decision points in the program, but no less than two times per year, preferably face to face or alternatively by WebEx or telephone conference. Ad hoc meetings will be organized when urgent matters arise or prior to the exercising of an Option. The JOC will consist of two (2) voting members each from the Consortium and BARDA and non-voting members from the Consortium and BARDA, or other additional Consortium or U.S. Government Members (non-voting) as may be required. Additional, non-voting members may be assigned or invited by Recipient on an ad-hoc basis. Decisions to reprioritize specific projects and resources within the scope of this Agreement will be taken by consensus. In case such a decision cannot be reached in the JOC, the decision will be escalated to one BARDA and one Consortium senior management member identified at the start of the project.

2. Kick-off and Quarterly PMO Steering Committee. A Kick-off meeting will be held within thirty (30) days of Agreement Effective Date; the Consortium will provide an updated Program Plan for the base period within forty-five (45) days of Kick-off meeting. The Consortium, the OTAO and/or OTAS and BARDA shall participate in Project Meetings to coordinate the performance of the Agreement. These meetings may include face-to-face
meetings in Washington, D.C. or at work sites of the Consortium Members. Such meetings may include, but are not limited to, meetings with the Consortium Members to discuss study designs, site visits to Consortium Member facilities, and meetings with the Consortium and HHS officials to discuss the technical, financial, regulatory and ethical aspects of the program. These meetings will also formulate and endorse the activities for the subsequent three months. In order to facilitate review of agreement activities, it is expected that the Consortium will provide data, reports, and presentations to groups of outside experts (subject to appropriate agreements to protect confidential or proprietary data) and Government personnel as requested by the OTTR. The PML shall provide an itinerary and agenda at least five (5) business days in advance of a face-to-face meeting. Subject to other provisions specified in this Agreement (see for example Attachment 2), the PML/PI shall notify the OTTR and OTAO of formal and informal correspondence with the Food and Drug Administration (FDA) or other regulatory agencies as specified in Attachment 2.

3. Integrated Program Review (IPR) Meetings. On an annual basis or by an event-driven need, and with a minimum of sixty (60) days advanced notice, prior to the exercise of additional effort to the Agreement, the Government may invite the Consortium to give a presentation at an Integrated Program Review Meeting attended by BARDA and invited interagency representatives. The Consortium will present data generated under the Agreement over the past year. Progress against portfolio progress milestones will be assessed. Successes and challenges of the program will be discussed and plans for the coming year will be presented.

4. Bi-Weekly Teleconferences. A conference call between the OTTR, OTAS and/or OTAO and the Consortium PI/PML shall occur every two weeks or as required, if an urgent matter should arise. During this call, the PI/PML will discuss the activities during the reporting period, any problems that have arisen, and the key activities planned for the ensuing reporting period. The PI/PML may choose to include other key personnel on the conference call to give detailed updates on specific projects or this may be requested by the OTTR. On an as needed basis, the OTTR or PI/PML may assign this responsibility to a delegate.

C. Document Review: The PI/PML shall provide the Government sufficient opportunity to review study protocols, reports, and FDA correspondence. The Government’s comments on these documents will be viewed as advisory in nature. Specific timelines for document review and responses are outline in Attachment 2 - Reporting Requirements.

ARTICLE V: AGREEMENT ADMINISTRATION

Administrative and contractual matters under this Agreement shall be referred to the following representatives of the Parties:
Government Points of Contact:

Other Transaction Agreement Officer (OTAO):

(NAME) Kyle Roberts

(TITLE) Section Chief, Influenza and Emerging Disease

Other Transaction Agreement Specialist (OTAS):

(NAME) Kevin Nilles

(TITLE) Contract/Agreement Specialist

Other Transaction Agreement Technical Representative (OTTR):

(NAME) Kimberly Armstrong

(TITLE) Health Scientist, Influenza and Emerging Diseases Division

Alternate OTTR:

(NAME) Karl Erlandson

(TITLE) Health Scientist, Influenza and Emerging Diseases Division
ARTICLE VI: COST SHARING

A. Acknowledgement: The terms of this Article VI apply to the cost sharing principles as described below. The Parties acknowledge that the activities included under this agreement may change at any time due to alterations in development strategy, risk mitigation approaches, technical challenges, or any other circumstance. Any modification will be subject to these cost sharing principles unless otherwise agreed by the JOC. As such, any projection of shared costs or resources will be estimates and will be non-binding, with the exception of the Base Period costs discussed in Sections B and C below.

B. Allowable Costs: The Recipient’s binding cost share will consist of reimbursable expenses including direct labor dollars charged in the performance of activities covered under the SOW, the indirect dollars (fringe, overhead and G&A) applicable to the direct labor and material costs, and subcontractor, consultant, and other costs. No fee or profit is allowable. These costs will reasonably relate to the activities conducted under the SOW. Budgets will be updated at least once a year to reflect changes to Consortium Members’ indirect rates, which are updated annually and shall be set at government-approved provisional rates for the forthcoming year. Direct labor will be charged based on effort reports from Consortium personnel who will track their time in the Consortium Member’s standard timekeeping system. These personnel allocate their effort to specific projects and activities, but the time can be recorded per standard
practices of Consortium Members, and does not require manager review or approval. No reconciliation of costs shall occur.

Charges made under this Agreement shall include:

1. Direct materials and supplies that are used in the performing of the work provided for under the Agreement, including those purchased for subcontracts and purchase orders.

2. Labor, including supervisory, that is properly chargeable directly to the contract, and inclusive of fringe benefits

3. Indirect Costs

Other items as agreed upon by the Parties may be included by modification to this Agreement.

C. Global Cost Share: The Global Cost represents the estimated total cost for activities under the SOW that support the development of the assets described above during the term of the within the base and option periods of the Agreement. The Recipient Global Cost Share of [redacted] represents the Recipient's estimated contribution as a percentage of the Global Cost during the Base Period of the Agreement. The table as shown below represents the Recipient’s total estimated cost share under the SOW for the Base Period and the proposed option periods of this Agreement. As stated above, the Recipient’s and BARDA global cost share, with the exception of the Base Period estimate, is non-binding and may vary during the performance of the Agreement with the addition or removal of an asset, a significant change in the development plan of an asset, or by funding allocation decisions that are made by the Joint Oversight Committee. The cost share estimates would need to be re-established under any of these scenarios. The Recipient agrees to at a minimum match the Government funding.
D. **Financial Reporting**: In lieu of earned value management reporting Consortium will provide quarterly Business Status report found in Attachment 2, A.2. Additionally at least once a year, in alignment with the timing of a JOC meeting and the timing for exercise of options, Recipient will provide financial information to the OTAO identifying the total charges made during the performance of this Agreement with a budget update for future periods. This report is for informational purposes only. Consortium Members’ accounting for government-reimbursed and Recipient costs shall be in accordance with Consortium Members’ accounting practices but must comply with Generally Accepted Accounting Principles or other international standards. Consortium Members’ accounting practices in determining total actual costs are not required to comply with the Cost Accounting Standards or the cost principles at Federal Acquisition Regulation Subpart 31.

**ARTICLE VII: OBLIGATION AND PAYMENT**

A. **Obligation**

1. The Government’s obligation to make payments to Recipient is limited to only those funds described in the Agreement or by modification to the Agreement. The Government is obligated to fund the amount of [\text{b}(4)\text{b}(4)\text{b}(4)]. The Government and Recipient are not obligated to fund work that is to be performed during the [\text{b}(4)\text{b}(4)\text{b}(4)]. Recipient is not obligated to perform work beyond that which has been funded by the Government.

2. If modification of the payment terms or schedule becomes necessary in performance of this Agreement, pursuant to Article III, section C, the ASPR OTAO and PML/PI Administrator shall execute a revised Statement of Work consistent with the then current Program Plan.

B. **Payments**

Recipient has established and agrees to maintain an accounting system which complies with Generally Accepted Accounting Principles and international standards as required, and shall ensure that appropriate arrangements have been made for receiving, distributing and accounting for the funds dispersed under this Agreement. An acceptable accounting system is one in which all cash receipts and disbursements are controlled and documented properly.

Properly prepared invoice(s) shall be submitted by Recipient for payment not more than once per quarter in Adobe Acrobat (.pdf) format. The invoice shall be uploaded to a shared electronic file server, with an email copy to the OTAO, OTAS and OTTR cited below. The invoice shall be accompanied by adequate documentation as may be required to support the payment. After verification of the accomplishment of the work, the OTAS and OTTR will forward the invoice(s) to the payment office. Each invoice must contain the following information in order to be deemed properly prepared:
a. Name and address of Contractor
b. Invoice Date and Invoice Number
c. Agreement Number
d. Description, quantity, unit of measure, unit price, and extended price
e. Recipient Cost Share
f. Name and address of OTAR official to whom voucher is to be sent
g. Name, title, phone number, and mailing address of person to notify in the event of a defective invoice.
h. Taxpayer Identification Number (TIN)
i. Electronic Funds transfer (EFT) banking information

Documents should be delivered electronically to the OTAO, OTAS and OTTR. Unless otherwise specified by the OTAO all deliverables and reports furnished to the Government under the resultant Agreement (including invoices) shall be addressed to the OTAO, OTAS and OTTR.

Quarterly invoices must include the cumulative total expenses to date, adjusted (as applicable) to show any amounts suspended by the Government.

The Recipient will convert foreign currency costs to US Dollars each quarter using the spot exchange rate published by Reuters at 4 PM ET on the last working day of each quarter.

The Recipient agrees to promptly notify the OTAO in writing if there is an anticipated overrun (any amount) or unexpended balance (greater than 10 percent) of the estimated costs for the base segment or any option segment(s) and the reasons for the variance.

The Government will pay all proper invoices in US dollars within 30 days of receipt or pay interest on any amounts due in accordance with the Prompt Payment Act.

C. Limitation of Payments

It is herein understood and agreed that Government funds and funds identified as Recipient contributions are to be used solely for Agreement-related expenditures that are reasonable in nature and amount, and allocable to this Agreement.
D. Financial Records and Reports:

The Recipient shall maintain adequate records to account for its expenditure of all funding under this Agreement. Upon completion or termination of this Agreement, whichever occurs earlier, the Recipient Administrator shall furnish to the OTAO a copy of the Final Report required by Attachment 2, Part E. Recipient’s relevant financial records are subject to examination or audit by the Government for a period not to exceed three (3) years after expiration of the term of this Agreement. The OTAO or designee shall be provided direct access to sufficient records and information of Recipient, to ensure accountability for funding under this Agreement. Such audit, examination, or access shall be performed during business hours on business days upon prior written notice and shall be subject to the security requirements of the audited party.

E. Comptroller General Access to Records

To the extent that the total Government payment under this Agreement exceeds $5,000,000, the Comptroller General, at its discretion, shall have access to and the right to examine records of any Consortium Member participating in the performance of this Agreement for a period of three (3) years after final payment is made. This requirement shall not apply with respect to any Consortium Member that participates in the performance of the Agreement that has not entered into any other Agreement (contract, grant, cooperative agreement, or “other transaction”) that provides for access by a Government entity in the year prior to the date of this Agreement. This paragraph only applies to any record that was created or maintained in the ordinary course of business or pursuant to a provision of law in the performance of the Agreement.

ARTICLE VIII: DISPUTES

A. General

The Parties shall communicate with one another in good faith and in a timely and cooperative manner when raising issues under this Article.

B. Dispute Resolution Procedures

1. Any claim or dispute between HHS and Consortium concerning questions of fact or law arising from or in connection with this Agreement, and, whether or not involving an alleged breach of this Agreement, shall only be raised under this Article.

2. Whenever legal disputes or claims arise, the Parties shall attempt to resolve the issue(s) by discussion and come to mutual agreement on a resolution as soon as practicable. In no event shall a dispute, disagreement or misunderstanding that arose more than three (3) months prior to the notification made under sub-section B.3 of this article constitute the basis for relief under this article unless one level above the OTAO, in the interests of justice, waives this requirement.
3. Failing resolution by mutual agreement, the aggrieved Party shall document the dispute, disagreement, or misunderstanding by notifying the other Party (through the OTA O or Consortium’s Administrator, as the case may be) in writing of the relevant facts, identifying unresolved issues, and specifying the clarification or remedy sought. Within five (5) working days after providing notice to the other Party, the aggrieved Party may, in writing, request a joint decision by the Assistant Secretary for Preparedness and Response (ASPR) Head of Contracting Activity, and senior executive appointed by Consortium. The other Party shall submit a written response on the matter(s) in dispute within thirty (30) calendar days after being notified that a decision has been requested. The ASPR Head of Contracting Activity (HCA) and the Recipient senior executive shall conduct a review of the matter(s) in dispute and render a decision in writing within thirty (30) calendar days of receipt of such written position. Any such joint decision is final and binding.

4. In the absence of a joint decision, upon written request to the Senior Procurement Executive (SPE) made within thirty (30) calendar days of the expiration of the time for a decision under sub-section B.3 above, the dispute shall be further reviewed. The SPE may elect to conduct this review personally or through a designee or jointly with a senior executive appointed by Consortium. Following the review, the Chief Acquisition Officer or designee will resolve the issue(s) and notify the Parties in writing. Such resolution shall be final and binding.

5. The Parties agree that the Agreement satisfies the elements of a “contract” for jurisdiction under the Tucker Act. After appropriate exhaustion of the administrative and other remedies identified in this Agreement, Recipient shall have the right to appeal or pursue any contract dispute arising under this Agreement at the Court of Federal Claims or, if applicable, the Court of Appeals for the Federal Circuit or the Supreme Court.

C. 

D. Limitation of Damages

Claims for damages of any nature whatsoever pursued under this Agreement shall be limited to direct damages only up to the aggregate amount of HHS funding disbursed as of the time the dispute arises. In no event shall either Party be liable for claims for consequential, punitive, special and incidental damages, claims for lost profits, or other indirect damages.

ARTICLE IX: PATENT RIGHTS

A. Allocation of Principal Rights
Unless Recipient notifies the Government that Recipient does not intend to retain title, Recipient or its designee shall retain the entire right, title, and interest throughout the world to each Subject Invention consistent with the provisions of this Article and 35 U.S. § 202.

B. **Invention Disclosure, Election of Title, and Filing of Patent Application**

1. Recipient shall identify Subject Inventions in an annual report and the final report, which shall be in sufficiently complete technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological, or electrical characteristics of the Subject Invention.

2. If Recipient determines that neither it nor its designee intends to file any patent applications on a Subject Invention, Recipient shall notify HHS, in writing, within two (2) years of disclosure of such Subject Invention to HHS. However, in any case where publication, sale, or public use has initiated the one (1)-year statutory period wherein valid patent protection can still be obtained in the United States, the period for such notice may be shortened by HHS to a date that is no more than sixty (60) calendar days prior to the end of the statutory period.

3. Recipient shall file its initial patent application on a Subject Invention to which it retains title prior to the end of the statutory period wherein valid patent protection can be obtained in the United States after a publication, or sale, or public use. Recipient may elect to file patent applications in additional countries (including the European Patent Office and the Patent Cooperation Treaty) at its discretion.

C. **Conditions When the Government May Obtain Title**

Upon HHS’s written request, Recipient shall convey title to HHS:

1. Of any Subject Invention, if Recipient fails to disclose the Subject Invention within the times specified in section B of this Article; provided, that HHS may only request title within sixty (60) calendar days after learning of the failure of Recipient to disclose within the specified times. For the avoidance of doubt, disclosure under this paragraph shall be deemed to have occurred at the time of Recipient’s notification to the Government of a Subject Invention regardless of whether such disclosure meets the standards set forth in Article IX.B.1 above.

2. Of a patent application or patent that claims a Subject Invention, as the case may be, in any country in which Recipient decides not to continue the prosecution of such patent application, or to pay the maintenance fees on or defend in reexamination or opposition proceedings such a patent.

D. **Minimum Rights to Consortium and Protection of Consortium’s Right to File**
1. Recipient shall retain a nonexclusive, royalty-free license throughout the world in each Subject Invention to which the Government obtains title under IX. C. The Recipient license extends to the Recipient’s Affiliates, and includes the right to grant licenses of the same scope to the extent that Recipient was legally obligated to do so at the time the Agreement was awarded or at the time of the Subject Invention was invented. The license is transferable only with the approval of HHS, except when transferred to the successor of that part of the business to which the Subject Invention pertains. HHS approval for license transfer shall not be unreasonably withheld.

2. The Recipient license may be modified by HHS to the extent necessary to achieve diligent Practical Application of the Subject Invention pursuant to an application for an exclusive or non-exclusive license submitted consistent with appropriate provisions at 37 CFR Part 404.

3. Before modification of the license, HHS shall furnish Recipient a written notice of its intention to modify the license, and Recipient shall be allowed sixty (60) calendar days (or such other time as may be authorized for good cause shown) after the notice to show cause why the license should not be modified.

E. **Action to Protect the Government’s Interest**

1. Recipient agrees to execute or to have executed and promptly deliver to HHS all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those Subject Inventions to which Recipient elects to retain title, and (ii) convey title to HHS when requested under section D of this Article and to enable the Government to obtain patent protection throughout the world in that Subject Invention.

2. Recipient agrees to require, by written agreement, its employees, other than clerical and non-technical employees, to disclose promptly in writing, to personnel identified as responsible for the administration of patent matters and in a format suggested by Recipient, each Subject Invention in order that Recipient can comply with the disclosure provisions of section C of this Article. Recipient shall instruct employees, through employee agreements or other suitable educational programs, on the importance of reporting Subject Inventions in sufficient time to permit the filing of patent applications prior to U. S. or foreign statutory bars.

3. Recipient shall notify HHS of any decisions not to continue the prosecution of a patent application claiming a Subject Invention, pay maintenance fees on a patent claiming a Subject Invention, or defend in a reexamination or opposition proceedings on a patent claiming a Subject Invention, in any country, not less than thirty (30) calendar days before the expiration of the response period required by the relevant patent office.

4. Recipient shall include, within the specification of any United States patent application and any patent issuing thereon claiming a Subject Invention, the following
statement: “This invention was made with Government support under Agreement HHSO100201700018C, awarded by HHS. The Government has certain rights in the invention.”

F. Lower Tier Agreements

Recipient shall include this Article, suitably modified, to identify the Parties, in all subcontracts or lower tier agreements, regardless of tier, for experimental, developmental, or research work under this Agreement.

G. Reporting on Utilization of Subject Inventions

1. Recipient shall submit, during the term of the Agreement, an annual report on the utilization of Subject Inventions or on efforts at obtaining such utilization that are being made by or on behalf Recipient or its licensees or assignees. Such reports will include information regarding the status of development, date of first commercial sale or use, and such other data and information as the agency may reasonably specify. Recipient shall provide additional reports as may be requested by HHS in connection with any march-in proceedings undertaken by HHS in accordance with section H of this Article. Consistent with 35 U.S.C. § 202(c) (5), HHS agrees it shall not disclose such information to persons outside the Government without permission of Recipient.

2. All required reporting shall be submitted to the OTAS, OTAO, and OTTR.

3. Where the Subject Invention is a drug or a vaccine, or a method of manufacturing, administering or using a drug or vaccine, Practical Application is achieved with respect to:

   a. such drug or vaccine, if a

      (b)(4)  

   b. such method of use, if the method of use is employed in manufacture, administration or use of such drug or vaccine in connection

      (b)(4)  

4. Failure to complete  

      (b)(4) does not per se constitute a failure to achieve Practical Application.

H. March-in Rights

Recipient agrees that, with respect to any Subject Invention in which it has retained title, HHS may request Recipient, an assignee, or exclusive licensee of a Subject Invention to grant a non-exclusive license within the Field to a responsible third party, upon terms that are reasonable under the
circumstances. If Recipient, assignee, or exclusive licensee refuses such a request, HHS has the right to require Recipient to grant such a license if HHS determines that:

1. Such action is necessary because Recipient or assignee has not taken steps, consistent with the intent of this Agreement, to achieve Practical Application of the Subject Invention; or

2. Such action is necessary to alleviate the following urgent health or safety needs that effect the United States and that are not reasonably satisfied by Recipient, assignee, or their licensees:
   a. declaration for Public Health Emergency by the Secretary of HHS;
   b. determination that there is a significant potential for a public Health emergency that has a significant potential to effect a national or health security of U.S. citizens as determined by the Secretary of HHS; or
   c. declaration by WHO Director General of a public health emergency of international concern.

3. Where the circumstances described in subsection H.2 are met, Recipient will act promptly to negotiate in good faith with the responsible third party a non-exclusive license on terms that are reasonable under the circumstances under the SI Intellectual Property Rights it controls at the time to make, have made, use, sell, offer for sale and import the relevant Subject Invention in the Field to the extent necessary to alleviate the public health emergency in the United States.

ARTICLE X: DATA RIGHTS

A. Allocation of Principal Rights

1. The Government will receive Limited Rights in Data delivered in the performance of the SOW that is marked with the "Limited Rights" legend required by section C below. Any delivered Data which is part of a patent application claiming a Subject Invention will be subject to the disclosure and release restrictions set forth in Article IX, section B of this Agreement.

2. Data in any document which is a part of a patent application that would disclose a Subject Invention will be subject to Limited Rights until publication of patent application in accordance with Article IX of this Agreement.

3. Recipient agrees to retain and maintain in good condition all Data necessary to achieve Practical Application of any Subject Invention in accordance with the Recipient’s established record retention practices. In the event of exercise of the Government’s March-in Rights as set forth under Article X, Recipient agrees, upon written request and with adequate additional support from the Government, as mutually agreed between
the Parties, to deliver Data necessary to achieve Practical Application within one-
hundred and twenty (120) calendar days from the date of the written request.

4. Recipient’s right to use Data is not restricted and includes the right under Recipient's
established business policies to make public research data (especially human research
data) by publication in the scientific literature, by making trial protocols, trial results
summaries, and clinical studies reports publicly available, and by making trial patient-
level data available for third-party analysis.

B. IDENTIFICATION AND DISPOSITION OF DATA

Recipient shall keep copies of all Data required by the Food and Drug Administration (FDA)
relevant to this Agreement for the time specified by the FDA and provide such Data to OTAO. HHS
reserves the right to review any other Data determined by HHS to be relevant to this Agreement.
Recipient shall provide regulatory data to the OTTR and OTAS in accordance with Attachment 2:
Reporting Requirements.

C. Marking of Data

Pursuant to section A above, any Data delivered under this Agreement shall be marked with the
following legend or similar:

“LIMITED RIGHTS: The Government’s right to use, modify, reproduce,
perform, display or disclose this Data is restricted by Agreement XX-X-
XXXX between the Government and Recipient, and those restrictions do
not permit disclosure to any party outside the Government without prior
agreement of Recipient. Any reproduction of this Data or portions thereof
must be marked with this legend.”

D. Lower Tier Agreements

Recipient shall include this Article, suitably modified to identify the Parties, in all subcontracts
or lower tier agreements, regardless of tier, for experimental, developmental, or research work
performed under this Agreement.

ARTICLE XI: FOREIGN ACCESS TO TECHNOLOGY:

(a) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of
the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies
or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC’s
implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to
the jurisdiction of the United States.
(b) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas. Lists of entities and individuals subject to economic sanctions are included in OFAC’s List of Specially Designated Nationals and Blocked Persons at http://www.treas.gov/offices/enforcement/ofac/sdn/. More information about these restrictions, as well as updates, is available in the OFAC’s regulations at 31 CFR chapter V and/or on OFAC’s website at http://www.treas.gov/offices/enforcement/ofac.

(c) The Contractor shall insert this clause, including this paragraph (c), in all subcontracts.

ARTICLE XII: TITLE TO AND DISPOSITION OF PROPERTY

A. Title to Property

Title to each item of Property acquired under this Agreement with an acquisition value of $50,000 or less shall vest in Recipient upon acquisition with no further obligation of the Parties unless otherwise determined by the OTAO. Should any item of Property with an acquisition value greater than $50,000 be required, Recipient shall obtain prior written approval of the OTAO. Title to this Property shall also vest in Recipient and HHS upon acquisition in accordance with the cost share of the acquisition. Recipient shall be responsible for the maintenance, repair, protection, and preservation of all Property at its own expense.

B. Disposition of Property

At the completion of the term of this Agreement, items of Property with an acquisition value greater than $50,000 shall be disposed of in the following manner:

1. Purchased in full by Recipient at a price that the parties agree represents fair market value of the property at the time of purchase with an agreed upon markdown due to the Recipient’s care of the property, with the proceeds of the sale being returned to HHS; or

2. Transferred to a Government research facility with title and ownership being transferred to the Government; or

3. Donated to a mutually agreed university or technical learning center for research purposes; or

4. Any other HHS-approved disposition procedure.
ARTICLE XIV: CIVIL RIGHTS ACT

Performance of this Agreement in the US is subject to the compliance requirements of Title VI of the Civil Rights Act of 1964 as amended (42 U.S.C. 2000-d) relating to nondiscrimination in Federally assisted programs. Recipient has signed an Assurance of Compliance with the nondiscriminatory provisions of the Act.

ARTICLE XV: EXECUTION

This Agreement constitutes the entire agreement of the Parties and supersedes all prior and contemporaneous agreements, understandings, negotiations and discussions among the Parties, whether oral or written, with respect to the subject matter hereof. This Agreement may be revised only by written consent of Recipient and the ASPR OTAO. This Agreement, or modifications thereto, may be executed in counterparts each of which shall be deemed as original, but all of which taken together shall constitute one and the same instrument.

ARTICLE XVI: SPECIAL CLAUSES

A. Inspection and Acceptance

1. The OTAO or the duly authorized representative will perform inspection and acceptance of deliverables to be provided under this Agreement

2. For the purpose of this Section, the designated OTTR is the authorized representative of OTAO. The OTTR will assist in resolving technical issues that arise during performance. The OTTR; however, is not authorized to change any OTA terms or authorize any changes in the Statement of Work or modify or extend the period of performance, or authorize reimbursement of any costs incurred during performance.

3. Inspection and acceptance will be performed at the Recipient’s facilities or at:

Biomedical Advanced Research and Development Authority (BARDA) and/or Office of Acquisition Management, Contracts, and Grants (AMCG) under the Office of the Assistant Secretary for Preparedness and Response U.S. Department of Health and Human Services

B. PROTECTION OF HUMAN SUBJECTS
1. The Recipient agrees that the rights and welfare of human subjects involved in research under this contract shall be protected in accordance with 45 CFR Part 46 and with the Recipient’s current Assurance of Compliance on file with the Office for Human Research Protections (OHRP), Office of Public Health and Science (OPHS). The Recipient further agrees to provide certification at least annually that the Institutional Review Board has reviewed and approved the procedures, which involve human subjects in accordance with 45 CFR Part 46 and the Assurance of Compliance.

2. The Recipient shall bear full responsibility for the performance of all work and services involving the use of human subjects under this contract and shall ensure that work is conducted in a proper manner and as safely as is feasible. The Parties hereto agree that the Recipient retains the right to control and direct the performance of all work under this contract. Nothing in this contract shall be deemed to constitute the Recipient or any sub Recipient, agent or employee of the Recipient, or any other person, organization, institution, or group of any kind whatsoever, as the agent or employee of the Government. The Recipient agrees that it has entered into this contract and will discharge its obligations, duties, and undertakings and the work pursuant thereto, whether requiring professional judgment or otherwise, as an independent consortium without imputing liability on the part of the Government for the acts of the Recipient or its employees.

3. If at any time during the performance of this contract, the ASPR OTAO’s determines, in consultation with the OHRP, OPHS, ASH, that the Consortium is not in compliance with any of the requirements and/or standards stated in paragraphs (1) and (2) above, the HHS OTAO’s may immediately suspend, in whole or in part, work and further payments under this contract until the Recipient corrects the noncompliance. Notice of the suspension may be communicated by telephone and confirmed in writing. If the Consortium fails to complete corrective action within the period of time designated in the Contracting Officer’s written notice of suspension, the ASPR OTAO’s may, in consultation with OHRP, OPHS, ASH, terminate this contract in a whole or in part, and the Recipient’s name may be removed from the list of those consortiums with approved Health and Human Services Human Subject Assurances.

C. HUMAN MATERIALS (ASSURANCE OF OHRP COMPLIANCE)

1. The acquisition and supply of all human specimen material (including fetal material) used under this contract shall be obtained by the Recipient in full compliance with applicable federal, state and local laws and the provisions of the Uniform Anatomical Gift Act in the United States, and no undue inducements, monetary or otherwise, will be offered to any person to influence their donation of human material.

2. The Recipient shall provide written documentation that all human materials obtained as a result of research involving human subjects conducted under this contract, by collaborating sites, or by subcontractors identified under this contract, were
obtained with prior approval by the Office for Human Research Protections (OHRP) of an Assurance to comply with the requirements of 45 CFR 46 to protect human research subjects. This restriction applies to all collaborating sites without OHRP-approved Assurances, whether domestic or foreign, and compliance must be ensured by the Recipient.

3. Provision by the Recipient to the ASPR OTAO’s of a properly completed "Protection of Human Subjects Assurance Identification/IRB Certification/Declaration of Exemption", Form OMB No. 0990-0263(formerly Optional Form 310), certifying IRB review and approval of the protocol from which the human materials were obtained constitutes the written documentation required. The human subject certification can be met by submission of a self-designated form provided that it contains the information required by the "Protection of Human Subjects Assurance Identification/IRB Certification/Declaration of Exemption", Form OMB No. 0990-0263(formerly Optional Form 310).

D. RESEARCH INVOLVING HUMAN FETAL TISSUE

All research involving human fetal tissue shall be conducted in accordance with the Public Health Service Act, 42 U.S.C. 289g-1 and 289g-2. Implementing regulations and guidance for conducting research on human fetal tissue may be found at 45 CFR 46, Subpart B and http://grants1.nih.gov/grants/guide/notice-files/not93-235.html and any subsequent revisions to this NIH Guide to Grants and Contracts ("Guide") Notice. The Recipient shall make available, for audit by the Secretary, HHS, the physician statements and informed consents required by 42 USC 289g-1(b) and (c), or ensure HHS access to those records, if maintained by an entity other than the Recipient.

E. NEEDLE EXCHANGE

The Recipient shall not use contract funds to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.

F. CARE OF LIVE VERTEBRATE ANIMALS

1. Before undertaking performance of any contract involving animal related activities, the Recipient shall register with the Secretary of Agriculture of the United States in accordance with 7 U.S.C. 2136 and 9 CFR 2.25 through 2.28. Recipient shall furnish evidence of the registration to the Contracting Officer.

2. The Recipient agrees that the care and use of any live vertebrate animals used or intended for use in the performance of this contract will conform with the PHS Policy on Humane Care of Use of Laboratory Animals, the current Animal Welfare Assurance, the Guide for the Care and Use of Laboratory Animals prepared by the Institute of Laboratory Animal Resources and the pertinent laws and regulations of the United States Department of Agriculture ( see 7 U.S.C. 2131 et seq . and 9 CFR Subchapter A,
Parts 1 - 4). In case of conflict between standards, the more stringent standard shall be used.

3. If at any time during performance of this contract, the ASPR OTAO’s determines, in consultation with the Office of Laboratory Animal Welfare (OLAW), National Institutes of Health (NIH), that the Recipient is not in compliance with any of the requirements and/or standards stated in paragraphs (1) through (3) above, the ASPR OTAO’s may immediately suspend, in whole or in part, work and further payments under this contract until the Recipient corrects the noncompliance. Notice of the suspension may be communicated by telephone and confirmed in writing. If the Recipient fails to complete corrective action within the period of time designated in the Contracting Officer’s written notice of suspension, the ASPR OTAO’s may, in consultation with OLAW, NIH, terminate this contract in whole or in part, and the Recipient’s name may be removed from the list of those consortiums with approved PHS Animal Welfare Assurances.

Note: The Recipient may request registration of its facility and a current listing of licensed dealers from the Regional Office of the Animal and Plant Health Inspection Service (APHIS), USDA, for the region in which its research facility is located. The location of the appropriate APHIS Regional Office, as well as information concerning this program may be obtained by contacting the Animal Care Staff, USDA/APHIS, 4700 River Road, Riverdale, Maryland 20737.

Office of Laboratory Animal Welfare Number ________________________ (FILL IN)

G. ANIMAL WELFARE

All research involving live, vertebrate animals shall be conducted in accordance with the Public Health Service Policy on Humane Care and Use of Laboratory Animals. This policy may be accessed at: http://grants1.nih.gov/grants/olaw/references/phspol.htm

H. PROTECTION OF PERSONNEL WHO WORK WITH NONHUMAN PRIMATES

All personnel who work with nonhuman primates or enter rooms or areas containing nonhuman primates shall comply with the procedures set forth in NIH Policy Manual 3044-2, entitled, "Protection of NIH Personnel Who Work with Nonhuman Primates," located at the following URL: http://www1.od.nih.gov/oma/manualchapters/intramural/3044-2/

I. INFORMATION ON COMPLIANCE WITH ANIMAL CARE REQUIREMENTS

Registration with the U. S. Dept. of Agriculture (USDA) is required to use regulated species of animals for biomedical purposes. USDA is responsible for the enforcement of the Animal Welfare Act (7 U.S.C. 2131 et. seq.), http://www.nal.usda.gov/awic/legislat/awa.htm.

Policy [http://grants2.nih.gov/grants/olaw/references/phspol.htm](http://grants2.nih.gov/grants/olaw/references/phspol.htm) is that every institution using live vertebrate animals must obtain an approved assurance from OLAW before they can receive funding from any component of the U. S. Public Health Service.

The PHS Policy requires that Assured institutions base their programs of animal care and use on the Guide for the Care and Use of Laboratory Animals [http://www.nap.edu/readingroom/books/labrats/](http://www.nap.edu/readingroom/books/labrats/) and that they comply with the regulations (9 CFR, Subchapter A) [http://www.nal.usda.gov/awic/legislat/usdaleg1.htm](http://www.nal.usda.gov/awic/legislat/usdaleg1.htm) issued by the U.S. Department of Agriculture (USDA) under the Animal Welfare Act. The Guide may differ from USDA regulations in some respects. Compliance with the USDA regulations is an absolute requirement of this Policy.

The Association for Assessment and Accreditation of Laboratory Animal Care International (AAALAC) [http://www.aaalac.org](http://www.aaalac.org) is a professional organization that inspects and evaluates programs of animal care for institutions at their request. Those that meet the high standards are given the accredited status. As of the 2002 revision of the PHS Policy, the only accrediting body recognized by PHS is the AAALAC. While AAALAC Accreditation is not required to conduct biomedical research, it is highly desirable. AAALAC uses the Guide as their primary evaluation tool. They also use the Guide for the Care and Use of Agricultural Animals in Agricultural Research and Teaching. It is published by the Federated of Animal Science Societies [http://www.fass.org](http://www.fass.org).

**J. APPROVAL OF REQUIRED ASSURANCE BY LAW**

Under governing regulations, federal funds which are administered by the Department of Health and Human Services, Office of Biomedical Advanced Research and Development Authority (BARDA) shall not be expended by the Recipient for research involving live vertebrate animals, nor shall live vertebrate animals be involved in research activities by the Recipient under this award unless a satisfactory assurance of compliance with 7 U.S.C. 2316 and 9 CFR Sections 2.25-2.28 is submitted within 30 days of the date of this award and approved by the Office of Laboratory Animal Welfare (OLAW). Each performance site (if any) must also assure compliance with 7 U.S.C. 2316 and 9 CFR Sections 2.25-2.28 with the following restriction: Only activities which do not directly involve live vertebrate animals (i.e. are clearly severable and independent from those activities that do involve live vertebrate animals) may be conducted by the Recipient or individual performance sites pending OLAW approval of their respective assurance of compliance with 7 U.S.C. 2316 and 9 CFR Sections 2.25-2.28. Additional information regarding OLAW may be obtained via the Internet at [http://grants2.nih.gov/grants/olaw/references/phspol.htm](http://grants2.nih.gov/grants/olaw/references/phspol.htm)

**K. REGISTRATION WITH THE SELECT AGENT PROGRAM FOR WORK INVOLVING THE POSSESSION, USE, AND/OR TRANSFER OF SELECT BIOLOGICAL AGENTS OR TOXINS**

Work involving select biological agents or toxins shall not be conducted under this agreement until the Recipient and any affected sub Recipients are granted a certificate of registration or are authorized to work with the applicable select agents.

For prime or subcontract awards to domestic institutions who possess, use, and/or transfer Select Agents under this contract, the institution must complete registration with the Centers for
Disease Control and Prevention (CDC), Department of Health and Human Services (DHHS) or the Animal and Plant Health Inspection Services (APHIS), U.S. Department of Agriculture (USDA), as applicable, before performing work involving Select Agents, in accordance with 42 CFR 73. No Government funds can be used for work involving Select Agents, as defined in 42 CFR 73, if the final registration certificate is denied.

For prime or subcontract awards to foreign institutions who possess, use, and/or transfer Select Agents under this contract, the institution must provide information satisfactory to the Government that a process equivalent to that described in 42 CFR 73 (http://www.cdc.gov/od/sap/docs/42cfr73.pdf) for U.S. institutions is in place and will be administered on behalf of all Select Agent work sponsored by these funds before using these funds for any work directly involving the Select Agents. The Recipient must provide information addressing the following key elements appropriate for the foreign institution: safety, security, training, procedures for ensuring that only approved/appropriate individuals have access to the Select Agents, and any applicable laws, regulations and policies equivalent to 42 CFR 73. The Government will assess the policies and procedures for comparability to the U.S. requirements described in 42 CFR Part 73. When requested by the contracting officer, the consortium shall provide key information delineating any laws, regulations, policies, and procedures applicable to the foreign institution for the safe and secure possession, use, and transfer of Select Agents. This includes summaries of safety, security, and training plans, and applicable laws, regulations, and policies. For the purpose of security risk assessments, the consortium must provide the names of all individuals at the foreign institution who will have access to the Select Agents and procedures for ensuring that only approved and appropriate individuals have access to Select Agents under the contract.

Listings of HHS select agents and toxins, biologic agents and toxins, and overlap agents or toxins as well as information about the registration process, can be obtained on the Select Agent Program Web site at http://www.cdc.gov/od/sap/.

L. MANUFACTURING STANDARDS

The Current Good Manufacturing Practice Regulations (cGMP) (21 CFR 210-211) will be the standard applied for manufacturing, processing and packing of any products to be administered to human subjects under this Agreement.

If at any time during the life of this contract, the Recipient fails to comply with cGMP in the manufacturing, processing and packaging of the products and such failure results in a material adverse effect on the safety, purity or potency of the products (a material failure) as identified by CBER and CDER, the Recipient shall have thirty (30) calendar days from the time such material failure is identified to cure such material failure. If the Recipient fails to take such an action within the thirty (30) calendar day period, then the contract may be terminated.
M. PRODUCT APPROVAL

The Recipient agrees to comply with cGMP guidelines (21 CFR Parts 210-211,600) for manufacturing, processing and packing of drugs, chemicals, biological, and reagents.

The Recipient agrees to advise the ASPR OTAO and OTTR promptly of any relocation of their prime manufacturing facility or the relocation of any sub consortium's facility during the term or this Agreement. The Recipient also agrees to advise the ASPR OTAO's and OTTR immediately if at any time during the term of this Agreement, the items under this OTA fail to comply with cGMP guidelines and/or the facility receives a negative FDA Quality Assurance Evaluation (Form 483).

N. ANTI-BRIBERY AND ANTI-CORRUPTION

HHS acknowledges that it has received and read Recipient's 'Prevention of Corruption - Third Party Guidelines'. Each Party agrees to perform its obligations under this Agreement in accordance with the applicable anti-bribery and anti-corruption laws of the territory in which such Party conducts business with the other Party as set forth herein. Each Party shall be entitled to exercise its termination right, under and in accordance with the terms of this Agreement, to terminate this Agreement immediately on written notice to the other Party, if the other Party fails to perform its material obligations in accordance with this Article XVI Section M.

O. GOVERNMENT OBSERVER IN RECIPIENT FACILITY

With seven (7) days advance notice to the Recipient in writing from the OTAO/OTAS, the Government may place an observer in a Recipient facility, who shall be subject to Recipient's policies and procedures regarding security and facility access at all times while in the Recipient's facility. As determined by federal law, no Government representative shall publish, divulge, disclose or make known in any manner, or to any extent not authorized by law, any information disclosed to that person in the course of employment or official duties performed while stationed in a Recipient facility.

P. REPORTING MATTERS INVOLVING FRAUD, WASTE AND ABUSE

Anyone who becomes aware of the existence or apparent existence of fraud, waste and abuse in ASPR funded programs is encouraged to report such matters to the HHS Inspector General's Office in writing or on the Inspector General's Hotline. The toll-free number is 1-800-HHS-TIPS (1-800-447-8477). All telephone calls will be handled confidentially. The e-mail address is Htips@os.dhhs.gov and the mailing address is:

Office of Inspector General
Department of Health and Human Services TIPS
HOTLINE
P.O. Box 23489
Q. PROHIBITION ON CONTRACTOR INVOLVEMENT WITH TERRORIST ACTIVITIES

The Recipient acknowledges that U.S. Executive Orders and Laws, including but not limited to E.O. 13224 and P.L. 107-56, prohibit transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the Recipient to ensure compliance with these Executive Orders and Laws. This clause must be included in all subcontracts issued under this Agreement.

ARTICLE XVII: TRANSFERS & ASSIGNMENTS

Any transfer or assignment will be conducted in a manner consistent with the Assignment of Claims Act (31 U.S. Code § 3727) and the Prohibition on transfer of contract and certain allowable assignments (41 U.S.C.A. § 6305, the “Anti-Assignment Act”). In the event there is a transfer to an independent 3rd Party who is not a consortium member, then the provisions of FAR 42.1204 would apply.
