

Q1 Were you previously aware of the extent of US government funding of medical research, including research that leads to patented inventions?

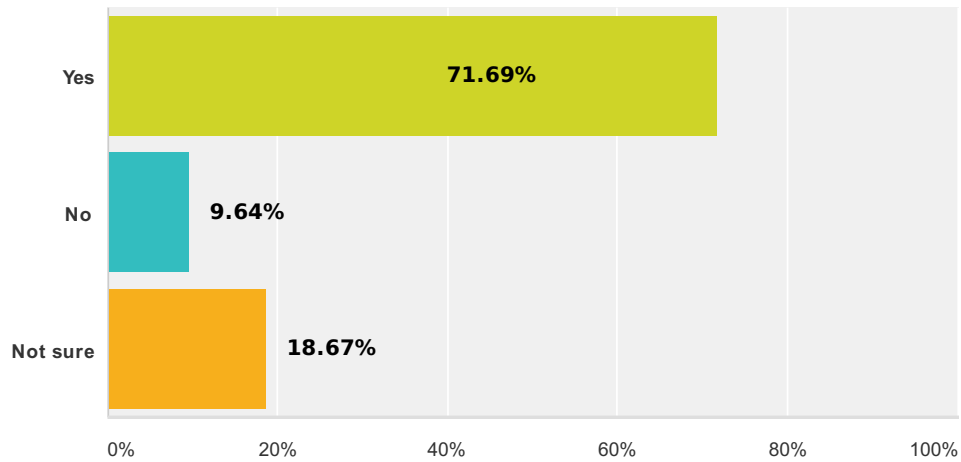

Answered: 168 Skipped: 2

Answer Choices	Responses	
Yes	38.10%	64
No	61.90%	104
Total		168

Q2 The U.S. National Institutes of Health (NIH), a government agency, has rights to the patents for dozens of drugs that were developed with federal funds. Should the NIH require patent holders to charge no more to residents of the United States than the prices in Canada, Europe and other high-income countries, for the same drug?
